DEFENSE COUNSEL IN ATTACK ON PIG WOMAN

Mayor Proclaims Kriss Kringle Day

WHEREAS, the happy hearts of little children rejoice in Santa Claus,

AND WHEREAS, it is the duty of all kindly souls to aid them in their joy,

AND WHEREAS, citizen Thomas Dare, well beloved of youth, has gone upon a dangerous mission to the Northland, and there has found the Christmas visitor, known variously as Kriss Kringle, Santa Claus and Saint Nick,

AND WHEREAS, The New Castle News has undertaken to bring Kriss Kringle and his reindeer team to our city on Friday, December 10;

AND WHEREAS, citizens have undertaken together, acting in harmony and in the true spirit of the love of little children to hold a great civic reception and parade so that full honor may be done New Castle's famous guest from Snow Hut Village,

NOW THEREFORE I, W. H. Dunlap, being Mayor of the City of New Castle, Pa., by the powers, authorities and prerogatives in me vested, to all men do proclaim:

THAT FRIDAY, December 10, in this current year, shall be and is hereby named as

KRISS KRINGLE DAY, and I call upon all those who believe in Santa Claus to welcome him; I call upon those who love children so to devote themselves to this occasion that the laughter of little ones shall ring in our streets, the mirth of the innocent shall rise like sweet music among us, the happiness, the joy, the fine, free-hearted jollity of Kriss Kringle and his party shall stay with us and leave their influence in the love for others that they shall inspire.

WHEREUNTO, I have set my hand and the seal of the City of New Castle has been affixed.

Done at New Castle, in the State of Pennsylvania, this second day of December, in the Year of Our Lord 1926.

W. H. DUNLAP, Mayor.

Local Youth Is Accident Victim On Ship Board

Message Tells Of Accidental Death Of Carl W. Morse, Aged 19

DEATH OCCURS ON STEAMER AT SEA

Details Of Accident Are Not Given In Wireless Message To Parents

Carl William Morse aged 19 of 619 Taylor street, son of Mr. and Mrs. Carl Morse of New Wilmington was accidentally killed on board the S. S. Hatias, enroute to Glasgow Scotland on Tuesday November 30 according to a wireless received by his parents.

No details of how the young man met his death were given in the mesage. A letter was received by his parents from him the day before Thanksgiving in which he stated that he enjoyed his work.

Enlists at Baltimore.

For a number of months Mr. Morse had been employed in the local tin mill and made his home with his sister Mrs. Frank L. Shaffer of 614 Taylor street.

About six weeks ago he went to Baltimore, Md., where he enlisted with the United States Marines. The trip to Scotland in which he met his death was his first venture on the sea.

The young man was a member of the New Wilmington United Presbyterian church and was well liked by a wide circle of friends both in this city and in New Wilmington. His unexpected death is a terrible blow to his parents and immediate family.

Besides his parents he leaves six sisters Mrs. Shaffer of this city, Edna, Florence, Esther, Helen and Della and two brothers Herbert and Donald.

Further word is being awaited by his family giving details of his death and whether the body will be brought to his home in New Wilmington.

Seek Successor To General Wood In Philippines

Turbulent Days Of General Wood's Regime Over Islands About At End

THREE CANDIDATES ARE MENTIONED

Coolidge Will Review Colonel Thompson's Report Before Selection

By GEORGE R. HOLMES

WASHINGTON, Dec. 2.—The turbulent days of Leonard Wood as governor-general of the Philippines are numbered.

His retirement has been definitely decided upon by the Coolidge administration, it was learned today, and consideration is now being given to the selection of a successor.

Possible Successors

Three names are being considered:

Senator James W. Wadsworth of New York, recently defeated for re-election.

Col. Carmi Thompson of Ohio, who has just completed a survey of the islands for President Coolidge.

Col. Henry L. Stimson of New York, secretary of war in the Taft administration.

Other names have been suggested, but it is this trio that are receiving major consideration. All are veterans of the Spanish-American War. All have a more or less intimate knowledge of Philippine affairs and all are "available" in that they are generally acceptable to party leaders and are now politically at liberty.

Three Recommendations

Col. Thompson's report on his three months' investigation of affairs in the islands will be laid on President Coolidge's desk shortly, if it is not already in his hands. It is understood to make three prime recommendations:

1. Appointment of a civil, rather than a military governor.
2. Removal of the islands from control of the War Department to a civil department such as the Department of the Interior.
3. Revision of some of the native laws, particularly one which limits any corporation from holding more than 2,500 acres of land.

The first two are designed to remove some of the friction between

Senator Case Continues Summing Up Case For Defense At Somerville

COURTHOUSE, SOMERVILLE, N. J., Dec. 2.—Robert H. McCarter, senior counsel for the defense, launched into a bitter attack on Mrs. Jane Gibson, the state's star witness, when he resumed his summation at the Hall-Mills trial today.

Charges Theatrical Display

"I hope, gentlemen of the jury", the distinguished looking dean of the New Jersey bar said, "that you were not fooled by the theatrical display when this pig woman was brought into the courtroom to testify, placed on a bed and a doctor put on one side and a nurse on the other, to take her temperature and all that kind of nonsense.

"This theatrical display was done to make you believe she was on the point of death. I classify such a display as a humbug."

McCarter explained that he was not going to speak at any great length about Mrs. Gibson, that his associate, Sentor Clarence E. Case, would deal with her thoroughly later. But nevertheless he, McCarter, had a few things he wanted to say about Mrs. Gibson.

Challenges Simpson

McCarter challenged Simpson to show in the testimony given that Mrs. Hall had any knowledge of the illicit relations between Rev. Hall and Mrs. Mills, as the state charged in the opening address.

McCarter demanded to know why James Mills, husband of the slain choir singer, was not charged with the murder.

"No one knew the movements of James Mills on the night of the crime", roared McCarter.

"For more than an month the state has been trying to fasten this crime on Mrs. Hall and brothers. They have accused Mrs. Hall, who did not know of the relations between her husband and Mrs. Mills,

Prosecution In Fall-Doheny Case Ends Testimony

Senator Walsh Of Montana Last Witness Produced By Government

DEFENSE STARTS "TEARING DOWN"

Lambert Delivers Opening Argument To Jurymen; Says Fall Not In Capitol

By GEORGE E. DURNO
International News Service Staff Correspondent

WASHINGTON, Dec. 2.—The government rested its case today against Albert B. Fall, ex-secretary of the interior, and Edward L. Doheny, multi-millionaire oil magnate, on trial for conspiracy to defraud the government in the leasing of naval oil reserves.

Atlee Pomerene and Owen J. Roberts, chief government counsel, brought the government's case to a close soon after the trial opened this morning, and the defense then began its effort to tear down the federal indictment of the two "old prospectors".

The last government witness was Senator Walsh (D) of Montana, who took the witness stand to present a letter he had received from Fall during the senate investigation three years ago in which the cabinet official declared E. B. McLean, wealthy publisher, had loaned him the $100,000 under scrutiny although the checks to that amount were never cashed. Fall wrote further he was too ill to answer a subpoena to appear before the senate investigators.

Sinclair Mentioned.

"I can assure you that the loan was not from Mr. Sinclair (H. F. Sinclair, the oil operator) or any one connected with the Teapot Dome or any other lease," Fall had written.

Chaplin's Wife Takes Children And Leaves Home

Comedian And Wife Are Separated—Party Is Cause Of Disagreement

(International News Service)

LOS ANGELES, Dec. 2.—Charles Chaplin, film comedian, and his wife, the former Lita Grey, have separated.

As the aftermath of a disagreement at the Chaplin home Monday night, when Chaplin entertained a number of guests, Mrs. Chaplin took her two children and went to the home of her grandparents, Mr. and Mrs. William Curry.

Neither Chaplin nor his wife would discuss just what occurred on the night Mrs. Chaplin decided to take their two children, Charles Spencer Jr. and Sidney Earle, to the home of her grandparents.

Mrs. Chaplin today did not deny that she had left her husband's home.

Chaplin also admitted that his wife had left their home.

"Mrs. Chaplin has taken the children with her", he said. "I have asked that she and they return".

Rumors of a separation between the film comedian and his wife have been current in Hollywood circles for many weeks, but both had denied that such an action was contemplated.

Mrs. Chaplin recently returned from a trip to Honolulu. Before going she said the trip had no significance, that she still loved her husband and that no separation was thought of.

The Chaplins were married on November 25, 1924, in Mexico.

The former Lita Grey was Chaplin's second wife. He had previously been married to Mildred Harris, also a motion picture actress. They were divorced.

Supervisors Of County Gather

Annual Convention Takes Place At Courthouse—Good Attendance

ALL ARE DINNER GUESTS OF RENTZ

With practically every township in the county represented, the annual convention of the Supervisors of Lawrence County opened this morning in the Court House with President Fred Schmidt in charge.

The morning session was taken up by addresses of men outside the organization, while this afternoon's session will be taken up by the supervisors and representatives of the State Highway Department.

President Schmidt opened the morning session at 10:15 and after ordering the reading of the minutes of the meeting last year, introduced City Solicitor Robert M. White who made the address of welcome in place of Mayor W. H. Dunlap. Mr. White complimented the supervisors upon their work in maintaining the roads under difficulties and spoke at some length upon the relationship of the road supervisors to the street department of the cities, relative to traffic.

Secretary Craig Responds

For the Association, Secretary Norman A. Craig responded, thanking Mr. White for his welcome, and assuring him that the supervisors wanted to co-operate with the city.

Hon. Milton A. Bickett, representative in the General Assembly from the second district was introduced and spoke briefly upon the highways of Pennsylvania. He criticized the state highway department for allowing contractors to leave roads under repair in such shape that people could get hurt and cited some instances of such neglect.

Bart Richards, representative in the General Assembly from the first district followed Mr. Bickett, and advocated more home rule for city

Children To Be Dismissed From School

Arrangements Being Made For Children To Welcome Santa Claus

According to announcement made by Rex Patch, head of the New Castle committee making arrangements for the welcoming of Santa Claus and his pageant in this city on Friday, December 10, arrangements are to be made whereby the children in the New Castle public schools will be dismissed from 10:30 to noon for the purpose of taking part in the pageant and greeting Santa Claus.

It was also announced today that the parochial schools would also be closed for the Santa Claus pageant on Friday morning at the same time as the public schools.

Indications are that the schools of the county will also be closed on Friday morning so that the army of school children throughout the county can come to New Castle to see Santa Claus and his reindeers.

All of the plans for the welcoming pageant are progressing nicely, and there is every indication of thousands of spectators being in New Castle from points far and wide on December 10, the date of the arrival of Santa Claus, the Eskimo family, Santa's reindeers and the many spectacles that are provided in connection with the pageant.

Ontario Makes Ready To Open Legal Saloons

Vote Of Province At Election On Wednesday Is Overwhelmingly "Wet"

WINDSOR SHOWS LARGE MAJORITY

Thousand Miles Of Boundary Along U. S. To Become "Wet" Soon

(International News Service)

OTTAWA, Can., Dec. 2.—**The province of Ontario, with more than a thousand miles of its boundary line touching the United States, today is "wet" under government control of the sale of liquor by an overwhelmingly large majority as the result of yesterday's general elections.**

Premier Howard Ferguson, leader of the victorious conservative party, intimated that before Christmas the flow of "wet goods" would be started legally throughout the province.

The result of the election after one of the most terrific political battles ever waged in the staid old province, is as follows:

Conservative, 74.
Liberal, 14.
Progressives, 11.
Liberal Progressives, five.
Independent Liberal, four.
Labor, one.
Prohibition, one.
Two still in doubt.

Large Majorities

One of the surprises of the campaign was the failure of the rural ridings of the province to go "dry" and the success at the polls of the Ferguson government was complete from one end of the province to the other. In all areas in the vicinity to the United States the "wet" vote was heaviest. Windsor, across from Detroit, rolled up big moist majorities as did the Niagara area in the vicinity of New York state and Buffalo.

As the result of the outcome of the Ontario vote, but three Canadian provinces now remain "dry". They are New Brunswick, Nova Scotia and Prince Edward Island, and already it is announced that this trio are ready to go to the people in the immediate future on a government control of the liquor question election.

It is estimated by Ontario political chieftains that thirsty residents of the United States will in 1927 spend in the neighborhood of $4,000,000 in the province of Ontario.

Toronto elected 15 "wet" members, the Canadian capital three and so the voting went across the entire province.

Every Ferguson government cabinet member with but one exception was retained.

Seven Freighters Icebound In River

(International News Service)

SAULT STE. MARIE, Mich., Dec. 2.—Seven freighters were icebound in the West Neebish Cut of St. Mary's river and one other was abandoned on the rocks at Copper Mine Point today as a result of northwest storms and freezing weather.

The steamers stuck in the ice are the Smith Thompson, Brentwood, Coulee, General Garretson, William G. Mather, J. P. Reiss and the John B. Cowle.

The abandoned ship is the Cottonwood. It has been on the rocks two weeks. Weather conditions forced the crew to cease their salvage efforts today.

START SURVEY OF BLIND HERE

State Welfare Workers Start Survey Of Lawrence County Conditions

Working under the direction, supervision and authority of the welfare department of the state of Pennsylvania, department of the blind, Miss Mary Miller and Miss Margaret Stern started Tuesday, December 2, to make a survey of Lawrence county, to determine the number of blind persons here.

With a list of 33 determined through the U. S. census and previous reports to start with, it is likely that others will be found also.

The two young ladies are domiciled at the Y. W. C. A. and any person knowing of any blind in the city or county are asked to write or call upon either Miss Miller or Miss Stern at the Y. W. C. A.

This survey is following in the wake of the campaign waged here the week of November 15 by Senator Henry E. Lanius of York county to better care for and help the blind as well as aiding in their rehabilitation. Should the survey determine enough blind persons here with the corresponding aid necessary it is likely that a branch of the Pennsylvania Association for the Blind, Inc., will be established.

It is likely that the survey now being made will require a couple of weeks' time.

Safety Men Make Address To 900 Pupils Wednesday

In connection with the "Safety First" campaign being conducted by the Pennsylvania railroad, six groups of children, totaling 900 pupils, were addressed in the Mahoningtown schools on December 1, by W. E. Gastinger, Captain of Police, and E. J. Wilson, Division Safety agent. About eighty-five per cent of the pupils in this school are children of railroad employes and they manifested an unusual interest in every reference to railroad service. The principal and teachers were also very much interested in getting concrete cases applicable to their pupils.

The Lawrence school, numbering 200 pupils, was also addressed in two groups. These children are from families the fathers of which are employed in the mills and factories in the neighborhood and were all below the sixth grade. While it was more difficult to hold their attention, they appeared very ready to respond when an opening was given them.

McCARTER ASSAILS STAR WITNESS IN HALL-MILLS CASE

(Continued From Page One)

without having given any consideration to James Mills, the man who knew of the relations of his wife with Rev. Hall."

Says Mrs. Hall Innocent

McCarter told the intently listening jury that "Mrs. Hall is as innocent of knowledge of this affair as any one of you or I am".

In directing the jury's attention to Mills, McCarter said: "He is the husband whose wife told him she cared more for a finger of Mr. Hall than she did for his whole body".

"Mrs. Mills", he continued, "was a wife, gentlemen, who slept in the attic of her home and who avoided all association with her husband. Jim Mills read the love letters to his wife from Mr. Hall, having found them in her scarf. He is a husband who says:

"I made a hell of a house for her" when they quarreled about Mr. Hall.

"Shortly after the murder Jim Mills finds the love letters of his wife and the diary and sells them for $500. He profited by his wife's dishonor. He sold them for 500 filthy dollars to a newspaper and proclaims to the world that his wife is an adultress."

McCarter said that Simpson, "in ghoulish glee", had cast a slur on the birth of one of the defendants.

"If that charge was made below the Mason and Dixon Line he would have been knocked down", said McCarter. "If the administration of justice has sunk to this level I thank God that I am old-fashioned."

McCarter turned to the jurors with these concluding remarks:

"Shall these people of high standing, who have been brought to trial, be convicted on the evidence of this riff-raff of criminality?"

"It lies with you gentlemen to free this family from the stigma of heartless persecution which was done simply as a means to further political aspirations."

McCarter finished summing up at 10:50 a. m., having talked 40 minutes this morning. His speech to the jury had required two hours and 55 minutes.

Senator Clarence E. Case, tall and spare, with a clear, resonant voice, began his summation at 10:55.

He characterized the prosecution in this case as "nasty, unfair, unjust and vindictive. He said he "despised" the methods used by Simpson.

and county authorities, in the expenditure of public moneys.

F. M. Davis, a member of the Board of County Commissioners spoke briefly on the condition of the county roads in Lawrence county and expressed the hope that the day was not far off when all roads would be passable at all times of the year.

Roll Call followed Mr. Davis' address, and after that, Fred L. Rentz, president of the New Castle Chamber of Commerce addressed the convention. He spoke on the condition of roads in past years and their present condition, and finished by inviting all of the supervisors to be his guests at a luncheon in the First Methodist church. The morning session adjourned and the supervisors, representatives of the State Highway Department, and county officials went to the First Methodist church where a splendid meal was served.

During the course of the noon meal, the various officials present were introduced. Judge R. Lawrence Hildebrand was introduced and spoke briefly. Rex Patch general chairman of the Christmas pageant also spoke on the plans which had been outlined for the pageant and invited the men to cooperate.

This afternoon, various supervisors will speak on the different types of road building and representatives of the State Highway Department will also address the convention.

Officers will be elected for the coming year, the nominating committee being W. M. Davis, James K. Marshall and George M. Hettenbaugh.

PROSECUTION IN FALL-DOHENY CASE ENDS TESTIMONY

vitals of the defense, Roberts and Pomerene rested and Wilton L. Lambert, chief of Fall's counsel, launched his opening argument to the jury.

Lambert was entitled to open at this late date because the defendants have separate counsel. Frank Hogan, first Doheny attorney, had addressed the jury at the outset of the trial when Roberts did likewise for the government.

Lambert concentrated his early fire on establishing with the jury that Fall was out of Washington while the oil leases and contracts in question were being negotiated.

"We will show you the concurrence of the president of the United States, Warren G. Harding," Lambert said.

"You have heard these government officials who have testified. Other government officials will appear and offer you evidence just as straightforward and just as conclusive."

SEEK SUCCESSOR TO GENERAL WOOD IN PHILIPPINES

the Filipino leaders and the American administration of the islands, due to the severity of some of Gen. Wood's policies and actions.

The recommendation concerning the land laws is intended to open the way for American capital to go into the islands and start development, particularly of rubber, on a large scale. So long as a corporation is limited to 2,500 acres of land nothing can be attempted on a scale big enough to attract American capital.

Wood Is Brusque Leader

Col. Thompson's report, it is understood, will praise Gen. Wood's administration, and probably in making his recommendations to Congress for a change in Philippine policy President Coolidge will pass along this praise. There is no desire on the part of the administration to humiliate Wood, nor to criticize his turbulent career as military overlord of the islands. Nevertheless, it is an open secret in Washington that much of the trouble in the islands is privately attributed to what for want of a better word is called Wood's military "brusqueness". He has been in almost constant conflict with the native leaders and politicians. It is also well known that a change in the governor-generalship of the islands was imminent just before the death of President Harding.

Will Not Return Says Charlie's Wife

In Event Of Divorce Wife Will Ask For Modest Sum Of $1,000,000

By MILLER HOLLAND.
International News Service Staff Correspondent

LOS ANGELES, Dec. 2.—Ill treatment on the part of Charles Chaplin, screen comedy king, forced his wife, the former Lita Grey, to pack up her belongings and, with the couple's two children, leave the Chaplin home and go to her grandparents, Mr. and Mrs. William Curry of Beverly.

This was the explanation of the famous couple's separation made today by William E. Curry, Mrs. Chaplin's grandfather.

"My grand-daughter has left her husband for good and just cause," Curry declared.

Whether the separation will lead to divorce proceedings could not be learned.

The former Lita Grey moved out of her husband's home Tuesday as the direct result, it was said, of a disagreement with Chaplin Monday evening.

"I took my babies and moved out to my grandparents' home Tuesday," Mrs. Chaplin declared. She added she has consulted with George Beebe, her attorney.

"I shall never return to my husband's home," Mrs. Chaplin declared. Seen at his studio today Chaplin admitted his wife had left him.

"Yes, it's true," the comedian confirmed. "My wife and children have left my home. I will insist, however, that they return."

More than this Chaplin would not say, declaring he believed "my family life should be kept private."

Friends of the Chaplins said today the break had been pending for months and that negotiations were under way for a property settlement.

In the event of a divorce, it was said, Mrs. Chaplin would ask to at least $1,000,000.

Dempsey Denies Poisoning Episode

(International News Service)

LOS ANGELES, Dec. 2. — "If Captain Mabbutt was poisoned it was not at my table for he had no meals with me while I was training at Atlantic City."

With these words Jack Dempsey, former world's heavyweight champion, emphatically denied today the report ascribed to Captain Charles J. Marbutt, one of Dempsey's friends, that the ex-champion was poisoned before his battle with Gene Tunney.

Announcing An Educational Campaign of Truthful Information To The Public

If it is consistent to sell funeral furnishings, it is certainly consistent to tell the public about them in a printed message.

Progress has revolutionized business and service of every character. Funeral furnishings have been no exception. They have improved in both quality and design. Our belief that the public will appreciate a greater knowledge of funeral furnishings and thereby be better able to realize their true value has prompted this educational campaign.

It will be our earnest endeavor to impart information that will help those who experience the visitation of death.

Advertising is a recognized medium of education and is accepted as truth; hence we believe that, if it is to be of any value, our advertising must be strictly true. We will adhere to these principles and present our facts in the most refined and dignified manner possible—not repulsive nor offensive to the most sensitive.

Death is inevitable and funeral furnishings a necessity. Consequently our purpose will be to enlighten the public about conditions that somebody is experiencing daily. We want to make their burdens under such conditions as light as possible, by relieving the bereaved of responsibilities with which they are unfamiliar.

Most of us pride ourselves on being informed on the vital topics of the day. How well you are informed about this particular subject will depend upon your mental co-operation in reading this series of advertisements.

DECEMBER

WINTER has come. The piercing wind shrilly whistles this fact into our ears, and the nippy air corroborates it with consistent zest. The Ice King has arrived and is holding court with frosty dignity. Snow mantels the earth with an ermine robe more splendid than that of an Emperor. "He giveth his snow like wool." Pity the poor Hottentot who never saw a snow flake and has missed the boisterous fun of snowballing an unsuspecting pedestrian. And have a care—to dislike snow is a sure sign of old age.

December is the month of the shortest days and longest nights. We go to work in the cold gray dawn and return in the deepening twilight. Aroused by the fiendish alarm clock at 6:30 a. m., we snuggle beneath the warm covers, postponing the fateful getting up time as long as possible, while we listen to the wheels of a milk wagon play "From Greenland's Icy Mountains" on the crunching snow. The lengthened nights are a boon and a blessing, admitting as they do of—

"Fireside enjoyments, home-born happiness,
And all the comforts that the lowly roof
Of undisturb'd retirement, and the hours
Of long, uninterrupted evening, know."

Being the twelfth and the last of the months, December is a favorite figure to describe the infirmities and weaknesses of old age. "December and May" is a popular phrase for contrasting the failing vision and vigor of lengthened years wth the buoyancy and beauty of youth. The figure is faulty, since the closing month of the year is the most spirited of the twelve and crammed full of cheer and joy. "Any color so it is red," and red is typical of December, the red of holly, of wintergreen berries and flaming poinsettia. The crowning glory of the month, however, is none of these things, but the Christmas festival, with its coronation of childhood, its tender meaning and the unique opportunity to know that "it is more blessed to give than to receive."

OPPOSING FIVE-DAY WEEK

THE first concerted attack on the Ford-sponsored five-day week of labor has been made and by a formidable foe. The building trades employers, through their national organization declare themselves as unalterably opposed to further reduction of working hours and promise their fight against the five-day week will not be one of passive resistance.

The building contractors believe they have valid reasons for opposing a shorter working week, and want it to be known that those reasons are not wholly selfish. Even if the promised fight of the employers should be actuated by selfish motives, they would be fighting the battle of every builder should they sustain their contention that a five-day week is not to be considered by the building industry under prevailing conditions.

A spokesman for the building trades employers believes the five-day week is impossible in the building industry because it would further increase the cost of construction and create an "artificial labor shortage" at a time when the industry is already undermanned.

Employers also fear that the building industry can not bear further increases in construction costs. To pay construction labor five and one-half days wages for five days work would amount to a wage increase of ten per cent, unless the workman could produce as much in five days as he now does in five and one-half days.

The success of Ford's plan is problematical. Its value and desirability are yet to be shown. Perhaps experience will show that the five-day week is practical in one industry but not in another.

NATIONAL PROSPERITY TOUCHES A HIGH POINT

ACCORDING to Secretary Hoover's annual report the United States is now at its highest point of prosperity in its history. Our standards of living are far above those of any other nation of the present or past.

This year has never been surpassed in the volume of production and consumption, in the size of our imports and exports and in the rate of wages paid in practically every industry. There have been disappointing spots here and there—particularly in the New England textile districts—but there has been virtually no unemployment, and the recovery from the losses and the disorganization caused by the war has been little less than marvelous.

Mr. Hoover furnishes figures and many details to prove his assertion that we have reached an unprecedented stage in our national prosperity, but they merely serve to confirm what we see on all sides. One need only have eyes to note the widespread distribution of the comforts, the conveniences and even the luxuries of life.

We have been singularly blessed in this country, but our industrial prosperity is not due to happy chance. We work hard. We have political equality and economic sanity. We are encouraged by the knowledge that we are going to enjoy the fruits of our labor. The prince and peasant status exists only as an Old World survival. The founders of the Republic had this in mind when they declared in favor of life, liberty and "the pursuit of happiness."

Two laws which have undoubtedly contributed to our present condition are those for the protection of American labor and the regulation and restriction of immigration. The tariff schedules may not be perfect and there may be some minor flaws in the statutes for the admission of aliens, but they embody principles vital to the well-being of the country. To let down the bars in either case would bring on a flood to destroy the high standard of living. The best thing about the existing prosperity is that it is healthy and not artificial. To maintain or increase it calls for common sense, continued industry, economic sanity and political wisdom.

Hints and Dints

Sun sets tonight 4:34. Sun rises tomorrow 7:07.

Styles in hope chests have changed materially. Nowadays they contain such things as pearl handled revolvers and sawed off shotguns.

Taking checks from people you do not know—and often from those you do know—is just giving money to strangers.

The people of Mercer have rebelled against the loud mouthed out of town newspaper peddlers who have invaded that place and cause much disorder by their bawling. Mercer would not stand for that small town stuff.

It's always best to park near a new shiny car, because when it backs out the driver will be careful not to scrape against yours.

Again we hear that the state is going to enforce the automobile head light law. A good start can be made in this city any night when the one light yaps are cruising around in their boats.

If only mouths could be padlocked for six months when they violate the spirit of the marriage vows.

The way some people refer to the constitution and the Declaration of Independence you'd think they wrote it.

After we hear some birds use profanity we just simply try and not use any ourselves for some time afterwards.

Congress will meet next week. It will be something awful if what is now going on in getting ready for it is anything to go by. The Democrats have been sadly disappointed and they did so want to get into power to put the country on the bum again.

Every time we hear an automobile going into second gear it sounds to us like that little square coffee grinder mother has out in her kitchen in Shenango township.

It is not a bad idea to also do your Christmas hinting early.

The only thing that is more of a puzzle than an income tax blank is what a financial statement has to do with a community fund.

New Castle stands for more loud mouthed bawling on Washington street by out of town fakirs than any city in the country. Any time some one wants to advertise anything they just stand on a street corner and bawl around to the disgust of most everybody. That actions surely are disorderly conduct or suspicious character.

The trouble with so many people is that anything that will benefit them personally is a public benefit.

Did you ever have your wife poke you in the ribs on the street and say, "Oh, John, do look quick and see that pretty ankle that girl has?" Yes, you did!

Maine elected a Republican to the United States senate. Maine has been right on many things in the past. It was the first state in the union to go dry, at least by law, in this country.

Winter really isn't here until you can smell it.

The day the reindeer and Esquimos arrive in New Castle all of Lawrence county will be here to see them and Santa Claus. There will be no keeping the people at home, as it will be the greatest event that ever took place in this county. It is big city stuff and New Castle is fortunate to have it. December 10 is the big day.

Most any one would rather be a holy roller than a holy fright.

At the coming naturalization court in this county over 300 foreigners will try to get citizenship papers. Being a citizen of this great country is an honor and those from other lands are coming here to live in the greatest country under the sun and enjoy the blessings of freedom.

A man or woman might have a fairly good public reputation before going on a witness stand in a sensational murder trial, but after getting off the stand they might stand before the world just as an ordinary low-down perjured crook—or something as bad or worse. We have always kept away from courts and never go near one unless dragged in by some gold hunter or other kind of bandit.

Today's Storyette.

A man about to take a train was worried by the station clocks. There was 20 minutes difference between the one in the office and the one in the waiting room. Finally he questioned the porter, who made a careful survey of the clocks and then shook his head doubtfully. Then he brightened suddenly and said:

"It don't make a single bit of difference about dem clocks. That train goes at 4:10 no matter what."

She was fashionably dressed, modern in every way, rouged and lip-sticked and ornamented. After examining her carefully, the doctor finally said: "Madame, you have acute tonsilitis." The patient blushed and admitted: "Yes, so many have admired it, but what I came to see you about, doctor, is why my throat hurts so badly."

With the desire to make business conferences brief and get into the next business of the day often slang expressions are really useful. What a lot of argument can be disposed of in short order by simply saying "Blah!" It may not be quite so dignified as "Hot d'gity dog!" but it accomplishes more.

The Democratic party can't get much satisfaction out of the Maine election no matter how they juggle the returns. It was a first-class victory for the G O P even the Democrats tried to muddy the waters by claiming fraud because friends of the Republican candidate bought and paid for some space in the newspapers to advertise their candidate. If such things as that is to keep a person out of the senate the time will come when to own a second suit will bar a man.

President Coolidge is not to deliver his message to Congress in person but is to send it by a courier and a clerk will read it. Well, we don't blame the President. He probably doesn't like the looks of that congress any more than we do.

A hog weighing slightly more than 1,000 pounds has been raised at Carlisle and the owner is claiming the championship of the state. That is a pretty big piece of bacon and no mistake, but we would like to enter in competition the feelings of some of the road hogs we have met.

New Castle is to have a big community Christmas tree on the diamond this year and to make it a real community tree every one should help to make it go. When the tree is dedicated it would be fine if the entire community would be out to participate in the exercises. There are few who cannot get a thrill out of Christmas and nothing is prettier, than a big tree such as is planned.

A bear has been seen on the road between Sharon and Greenville hiking north. It is thought that it might be the same bruin that visited Lawrence county a month or so ago and is making for a reservation in order to save its bear skin for another year.

Breakfasts are the popular idea at Washington these days with President Coolidge as the host. Practicing strict economy we suppose it is much cheaper and easier to serve a breakfast than a dinner. Few people eat much for breakfast and the sausage and griddle cakes served at the White House are much lower in price than a leg of lamb or a turkey.

In Pennsylvania during the month of October 17,000 accidents occurred in the various industries. That seems like a great many but only a few of them were serious and the number of fatalities was small. The idea of every one practicing safety first and the knowledge that accidents are time losses as well as dangerous to workers are gradually cutting down the accidents in the state. Though 17,000 seems like a good many it isn't when the several million workmen in the state is considered.

Men make the best cooks claim people who are supposed to be in on the know. And some of them get a lot of practice getting up their own meals that they have a chance to develop whatever ability they may possess.

Now that football season and Thanksgiving are past the students can attend classes regularly for a week or two before Christmas excites them again.

Most people can live beyond their means without any effort.

Anyway those people who predicted a long and cold winter have been wrong so far and we are glad they are.

If a gorgeous movie ending in a three-minute kiss gives him a pain, he is about forty-two.

The men attending the banquet to the football team and band Friday night have been asked to refrain from smoking to set a good example before the boys there. One of the club members wants to know if the boys themselves have been requested to refrain from smoking.

Now that Queen Marie is in Europe and getting closer to home the illness of King Ferdinand doesn't seem so serious. By the time Marie reaches Bucharest he'll likely be well enough to meet her at the station.

Democracy

A Rolls-Royce drove up to the football field of the private school, and a very important-looking woman called out to a little fellow in uniform. "Will you please call my son, Master Algernon?"

In just a moment there was a shout: "Hey, Skinney, your ma's here."

EFFECTS ON DAD

"I suppose, Henry", said the old gentleman to his new son-in-law, "that you are aware the check for $50,000 I put among the wedding presents was merely for effect."

"Oh, yes, sir", responded the cheerful Henry, "and the effect was excellent. The bank cashed it this morning without a word."

Dr. Pritcheet of the Carnegie Foundation, reports to Dr. Butler of Columbia, that Zionism in Palestine cannot be a success. Industry cannot be made profitable, and bringing in many Jews annoys the Arabs, so says Dr. Pritchett.

* * *

Too bad to annoy Arabs, but Dr. Pritchett must know that Jews owned Palestine long ago, and are taking back their own.

Money, intelligence, energy and will power work wonders. The Jews possess all four and will use them.

Arabs outnumber Jews 10 to 1 in Palestine. Jews outweigh the Arabs 1,000 to 1 when it comes to thinking, and thinking is what counts, not numbers.

The worst situation in China since the Boxer rebellion causes landing of British and French fighters backed by United States marines. Four American destroyers are sent to Hankow.

It is said our government "will send no more naval units to China." A good idea. It isn't our country or our fight. Why should we mix in it?

William S. Roberts of Butte, Montana, bought a turkey and five small gold nuggets were found in its craw. The turkey came from a packing house. Nobody knows where it used to eat. There is a tragedy—a gold mine somewhere, impossible to locate it.

But a worse tragedy is represented by the man of genius. His brain contains intellectual gold nuggets of gigantic size. But, like the turkey with the lumps of gold in its inside, the genius cannot tell where he got it, cannot point to the celestial mine whence genius comes.

The world has seen many amazing things, from the Colossus of Rhodes to the Falls of Niagara. The most amazing is the touching faith of womankind.

Mrs. Hall, widow of the murdered clergyman and accused of his murder, knows that his body was found with that of Mrs. Mills, a choir singer. She has listened in court to letters in which the reverned clergyman, writing to the choir singer, spoke of himself as "babykins."

Yet Mrs. Hall testifies that she is not sure that her husband was unfaithful.

Tunney, heavyweight champion, giving a harmless boxing exhibition in a New York theatre, is arrested. In the same city men knock each other senseless, one or two have been killed by blows in the prize ring, and the "legal fights" are arranged so that plenty of blood may be spilled to delight the crowd.

Nothing puzzling about Tunney's arrest. In his stage exhibition there is no graft for anybody.

The head of King George comes off Irish Free State coins. On one side of the new coins there surely will be an Irish harp, for the other an Irish product—a salmon, a hare, a skillet—are suggested.

Why not put the head of some Irish fighting patriot, perhaps Robert Emmet, hanged as a felon 123 years ago?

WE GET SO BUSY—

That we lose our best wealth making our fortunes.
That our souls die of starvation while we are running the business.
That the really big issues of life seem to get little consideration.
That the ones we love most see the least of us.
That we never think of God until we get to the hospital.
That we run our homes and rear our families by remote control.
That we think we are living when we are only speeding.

In Day's News

Lord Reading, who has joined the ranks of London newspaper publishers, has had as remarkable a career as any Englishman of his generation. Born in London, of Jewish parentage, he was educated at University College School and, later at Brussels and Hanover. In his youth he ran away to sea and upon his return to London devoted himself at first to business, and became a member of the Stock Exchange. He, however, quickly saw where his abilities lay, and he forsook the Stock Exchange for the bar. His rise in the legal profession was meteoric. As Sir Rufus Isaacs he filled successively the highest legal and judicial positions in the realm—Solicitor-General, Attorney-General and Lord Chief Justice. When he retired from the bench it was to go out to India as Governor-General, from which he retired several years ago.

Dr. Crane's Editorial

THE HISTORICAL ASH HEAP

Some archeologists have been tracing life by digging around in the Kjokkemmoddingn (laugh that off! It means "kitten middens") of the British coast.

They have found dung heaps which are prolific in information about the people who lived in the far distant times when they were accumulated.

These dung heaps are composed mostly of shells. There are oyster shells, and shells of mussels, and cockle shells.

These shell fish would not think of living with each other, and hence they must have been gathered by man. They were formed by those parts of their meals which the early men and women found it impossible to eat.

Strong as were our pre-historic ancestors, they drew the line at oyster shells.

There were also fragments of bones and animals and birds, pieces of pottery, implements of stone and wood, and sometimes burned earth and stones.

From all this the investigators made a fair picture of the gentlemen and ladies who formerly inhabited the coast of the British Isles and ate shell fish.

Spurn not the dung heap. Some day when this civilization shall have passed and earthquakes or glaciers shall have removed New York and London, and with a few remaining men a new civilization shall have srung up, perhaps on the coast of Africa, their servants will be poking around in our garbage heaps to see what manner of men we were.

From the skeletons of cats, rats and other exterminated animals, they will decide that we once ate these lively creatures.

Tin cans will be proven to be Ford cylinders, and bricks with advertisements burned into them will show the kind of books we had.

A New York rag picker has gone out of business because, he says women do not wear enough clothes now to make the investigation of their refuse profitable.

But cheer up. Fifty thousand years from now our waste heaps will be considered valuable historical documents.

The World AND THE Mud Puddles

FROM ONE WHO KNOWS

T. D. Campbell of Montana is one of the many great farmers of America who have nothing about which to complain. He did not inherit his money or his acres. He is about as far away from his market as is any grain farmer of America. As a matter of fact, he is the world's greatest grain grower. His farm produced in 1926 nearly one-half million bushels of wheat, 42,000 bushels of flaxseed, 25,000 bushels of oats. Incidentally, in the growing and harvesting of this grain the motors of his tractors, harvesters, wagons and other vehicles consumed more than 200,000 gallons of gasoline. Campbell will probably have something to say about the Congressional committees this short session. He is now in Washington.

This great farmer believes in mass production and the use of mechanical engineers in carrying on the grain producing business. He says that the farms must be larger, that the farmers must employ more tractors and more up-to-date machinery. If the grain farmers of America were handled as they should, the demand for farm machinery would require a production far beyond the present capacity of farm implement manufacturing establishments. He believes that there is needed in America an outlay of more than two billion dollars in form implements and the manufacture thereof. To a newspaper man he has this to say:

"Farmers would gain little or nothing through a reduction in freight rates. In fact, I think they would be the losers. A 10 per cent reduction would mean a saving of only a few cents per bushel. We can send a bushel of wheat 1,200 miles or more for 20 cents. It costs a farmer almost that much for cartage, loss, etc., in getting it 20 miles to the railroad. The railroads give us tightly sealed, dampproof and otherwise modern freight cars which carry the grain without loss or deterioration to its destination at a fast clip.

"A sharp reduction in freight rates might impoverish some of the roads in the West. We don't want this. We want them to be prosperous so they can handle our grain as it should be handled. If the railroads haven't the money they cannot spend any in maintaining present efficiency. That would be bad for the farmer.

"The railroad cannot benefit at the expense of the farmer. Neither can the farmer benefit at the expense of the railroads. There must be co-operation along economic lines. Such co-operation and mass production in farming, with application of modern methods, would make good money for the farmer, and at the same time cut the annual bills of consumers hundreds of millions of dollars annually."

INTERRUPTIONS

I'll write me a lovely verse, said I,
Of a summer day and an azure sky,
But the telephone rang and this roused my ire:
"Mr. Brown wants to talk. Will you hold the wire?"

Ten minutes later I sat me down
Still muttering curses at Mr. Brown,
And a man came in who had bonds to sell,
He'd a speech to make and he made it well.

"I'll go to the verse once more," said I,
"I must hurry now for the time slips by,"
But the telephone rang and this time I heard:
"Are you in the market for Grease, preferred?"

Back once more at my desk I sat,
But a friend dropped in for an idle chat
And though never a line of the verse was penned
I couldn't say "git!" to a smiling friend.

And the telephone rings and the agents call,
And I can't get an hour to myself at all,
For whether by day or whether by night
It's always the same when I want to write.

When my weary spirit gives up the strife
And journeys on to an ampler life,
I'll bet, as I kneel at the Great White Throne,
They'll call me back to the telephone.

POEMS HOVE

BY CHARLES HANSON TOWNE

"When I Heard the Learn'd Astronomer" by Walt Whitman.

Whitman the most thoroughly American of all our poets, a pioneer who paved the way for a new kind of magic is undeniably great. His free, untrammelled measures are a symbol of his limitless scope. He was in love with Nature no less than with Democracy; and in this cosmic poem he reveals that passionate desire to understand the mystery of the universe. Note the glorious sweep of his song.

When I heard the learn'd astronomer;
When the proofs, the figures, were ranged in columns before me;
When I was shown the charts and the diagrams, to add, divide and measure them;
When I, sitting, heard the astronomer, where he lectured with much applause in the lecture-room.
How soon, unaccountable, I became tired and sick;
Till rising and gliding out, I wander'd off by myself,
In the mystical moist night air and from time to time,
Look'd up in perfect silence at the stars.

DINNER STORIES

When S. F. Martin of Maryville, Mo., an amateur operating station 9CKS, received a message recently to be relayed through his station he was somewhat disconcerted to note that the address was simply "In the Arctic."

Remembering, however, that the Canadian government steamship Boothic was at that time in Arctic waters, and knowing also that this ship had a short wave radio outfit on board like his own, he immediately put his set into operation in an effort to get into communication with the boat's operator. After a few hours he was successful and passed the message to the Boothic.

A few days later he was agreeably surprised to get an acknowledgment saying that the message had been delivered to the proper party, a Royal Northwest policeman on duty in the far north, who in thanking the amateur operator wished to explain that this message was the second he had received from home in two years.

Here's the Way to Heal Rupture

A Marvelous Self-Home-Treatment That Anyone Can Use On Any Rupture, Large Or Small

COSTS NOTHING TO TRY

Ruptured people all over the country are amazed at the almost miraculous results of a simple Method for rupture that is being sent free to all who write for it. PRESENT "LAME DUCK" CONGRESS DECLARED "LAMEST" ON RECORD

By CHARLES P. STEWART
Central Press and News Washington Correspondent.

WASHINGTON, D. C., Dec. 2.—"Lame duck" congresses are no new thing in Washington, but it isn't often that so forlorn a cripple is seen as the national legislature just about to assemble here for the "short session" of 1926-7.

"Lame duck" lawmaking is peculiar to the United States.

In every other country on earth where the people have a voice in the direction of their own affairs the members of congress or parliament or the diet or assembly or whatever else it may happen to be called go out of office as soon as they are beaten at the polls. The very next lineup is a lineup of winners exclusively.

Not so here.

Keeps On Voting

A senator or a representative may be whaled to a fare-thee-well in November, but he still has a "short session" ahead of him during which he keeps on voting and speaking and shaping governmental policies for the constituency which has repudiated him exactly as he chooses. What he does choose generally is just what his state or district doesn't want, or it wouldn't have defeated him.

These defeated hold-overs are "lame ducks."

In this coming, and concluding session of the 69th congress they are unusually numerous. Senator Wadsworth of New York, Senator Pepper of Pennsylvania, Senator Stanfield of Oregon and Senator McKinley of Illinois—who, however, is so ill that he probably will not be present and may not live out the session—are conspicuous specimens.

There is also a goodly "lame duck" delegation in the home of representatives.

Amenable to Executive.

"Lame ducks" are proverbially amenable to presidential influence. Turned down by the voters, the only way for them to stay in public life is through the medium of federal appointments. If they're "good" up to the last minute it's customary to take care of them, but not if they're disgruntled and unmanageable. Ordinarily therefore, a "lame duck" is the best "administration man" imaginable.

All the same, despite "lame duck" support, this final session of the 69th congress hardly promises to be very productive of pro-administration results.

A "lame duck's" weakness is that he lasts only until congress adjourns in March. If he can be stalled off until then, out he goes. The anti-administration forces certainly will try to stall throughout the winter of 1926-7. The odds are heavily against them in the house or representatives, but in the senate the margin is so close that they may maintain an effective deadlock until adjournment.

"Threats" Heard.

There are even hints that the appropriation bills will be held up, forcing an extra session next summer, but that, if there is one, will be an extra session of the 70th congress, with the "lame ducks" out of it, and the Democrats and insurgent Republicans, between them, in control of the senate.

The "lame duck" session will be oratorically red hot, at any rate—all the more so if nothing much else is accomplished. Taxation, prohibition referendums, war debts, Secretary of State Kellogg's policy in Mexico, farm relief and, above everything, primary election scandals—plenty to wax furious over. It may be an abortive session from a legislative standpoint, but it will be an exceedingly vocal one if there's anything in indications.

DITCH BUS TO AVERT SMASH

TITUSVILLE, Dec. 2.—The motor bus operating between this city and Oil City was driven into the ditch on the McKinney road near the Ray farm in order to avoid a collision with an automobile which had been left standing crosswise on the pavement.

The motorist had burned out the lights in the machine and was trying to push it off the road when the bus come along. Frantically he tried to signal to the bus driver who did not see him until almost upon the other car. None of the passengers in the bus were injured.

RHEUMATISM!
What is it—anyway?

THAT awful agony of swollen joints and inflamed muscles—that miserable pain and torturous suffering, we call rheumatism—what is it?

Here's what it is: It is the result of waste products and impurities in the blood! Impurities that get the upper hand because the system is starving for want of healthy, rich, red blood!

But you just cleanse your blood and build up the red-blood-cells and watch the rheumatism vanish! Why, S. S. S. will aid Nature put so many millions of red-blood-cells in your system that the impurities that cause your rheumatism are driven out—they can't stand pure, healthy blood.

S. S. S. conquers rheumatism! The rich, red, fighting blood that S. S. S. helps Nature build brings ease and comfort to every sore, swollen tissue in your body.

And this great S. S. S. goes right on helping Nature build more and more red cells until your whole body is tingling with life and vibrating with vim, vigor and vitality. You feel like yourself again.

S.S.S.

Get S. S. S. right now—build up your blood to where it is pure, red and healthy. S. S. S. is the sure way.

All druggists sell S. S. S. Get the larger bottle. It's more economical.

Police Search Every Person They Place In Cell Of Lock-Up

Everything Found In Pockets Is Taken From Them While In Cells

Valuables Locked In Police Safe And Returned As Prisoner Leaves

Wives who are compelled to use a crow-bar to extract the price of a new hat, coat, dress, pair of shoes or brassier from the one-way pocket of their "hubby" would experience a real thrill could they see the ambidexterous manner with which police "enter and leave" these "one-way" pockets should such a husband fall into the hands of the law.

To the wife who doesn't know what the inside of a man's pocket feels like, it is "public" for the police officer. In fact the pocket that holds the money and is considered almost "sacred to enter" (for the wife) is an "open book" to the policeman. He doesn't care a rap if the prisoner yells loud and long—"what's in must come out".

No Privacy.

Prisoners, young and old, male and female, have long complained that "there is no such thing as privacy" in a police station, have stated the truth. The only time they secure privacy is when the sergeant conducts the unfortunates to a dark cell, where the "relieving" begins. After the "operation" the unfortunate one goes behind the bars; click goes the lock and the erring one has "privacy".

Police work, it is claimed, compels the sergeant-in-charge to conduct a prisoner to a cell. Before the prisoner is placed behind the bars everything he has, excepting cigarettes and matches, are taken from him. They take everything but an X-ray and if he is a habitual and is classed as a serious offender, they even take his picture—and keep that, for good.

Here's The Program.

Here's the way they do at the local police station, after a person has been arrested by a policeman or detective and taken to the station.

"Get the keys", a voice drifts from the patrol barn.

The sergeant-in-charge "hops to it". To him this is equally as important as a grocery clerk taking down an order for potatoes, eggs, bacon or coffee.

He hurries to the patrol barn and accompanies the policeman while the latter conducts the prisoner to the room containing cells. They stop at an empty cell, an officer on each side of the prisoner. The door of the cell is open. It swings back with a rasping sound.

"What is your name?" asks the sergeant.

The man tells his (or someone else's name, the latter if he 'can get away with it').

Searches Prisoner.

The sergeant then commences the "operation"—or the act of entering and leaving the pockets of the person about to be jailed.

He first enters the well known right rear pocket. Some people carry guns and of course guns are dangerous. Police seldom take chances even in a police station.

Finding nothing but a handkerchief they kindly give that back to him then start "entering and leaving" other pockets. They pay no attention to the man's wail: "A chap hasn't got any privacy of person anymore in this country. You haven't got any right to take my money or spectacles".

But they do, they take everything but toothpicks, matches and cigarettes. They take his spectacles because the architects who make plans for small city jails "forgot" to provide for reading facilities.

Money—if it is only 10 cents—is taken. It would be the same if a man had $5,000, in his pocket. They'd take that, too. Folders, containing important documents are taken too, despite protests of "Say, Officer, those are private papers and mustn't be taken from me".

Police Take Charge.

But like the dime or the $5000, the glasses, watch or pen knife, they leave the man's pocket by the same route as the sergeant's fingers entered; because to the sergeant, "we have to take charge of these things until you are discharged. Someone might rob you while you're in jail".

And that, Mr. and Mrs. News Reader is the exact truth why police search, and then take in temporary charge, all personal effects (excepting smokes) that men or women may have in their pockets or pocketbooks after arrest. Prisoners have been so unkind to each other, in some cases, and "borrowed" from another prisoner while he slept off the effects of a Bacchanalian night.

Police take temporary charge of pen knives because old-offenders would probably attempt to pick the cell lock. They take them from first offenders because the man, realizing his predictament may become remorseful and attempt a rash deed. For the same reason they take spectacles as the lens can be "ground" on the stone floor until it has a keen edge and this could very easily sever an artery.

They take charge of important documents for safe keeping. They do not read such documents. To do so would bring immediate censure or suspension by higher officials. They do not wish to pry into a man's "inner business" unless the papers are found on confidence men, forgers and people who get into jail with the aid of a pen point or pseudo bond. They take money, count it and place it in a safe and is returned to the owner after a man is discharged. If he is sentenced to a term, it is kept until his release.

The only thing that is not returned to the prisoner is a bottle, empty or filled. The police keep that; no, don't get the idea they keep it for themselves. Indeed not. They keep it as evidence, if the man is held for court. If not it is emptied into a sewer if the man is discharged by His Honor the Mayor.

Endows Chair For Christian Education

(International News Service)

LANCASTER, Pa., Dec. 2.—Christian education received a boost recently when a wealthy manufacturer of Lancaster gave $30,000 to endow a chair of "Christian Education and Applied Christianity" at Susquehanna University at Selinsgrove, Pa.

P. A. Urich provided the endowment because he believes the trend of the world is away from Christian teaching. The chair will be established for Urich and his wife. He said: "We desire in this way to combat the tendency away from religion.

The manufacturer also has contributed $11,000 to the Loysville Orphans' Home in Perry county.

Mr. and Mrs. Urich are members of the Bethany Lutheran church at Millersville, near here.

If You Have Eczema Or Stubborn Skin Eruption Get to the Acid in Your Blood

Get Your Money Back From McKee's Kut Rate Store if Ocean-O Does Not Rid You of Eczema, Pimples and Chronic Skin Eruptions.

Bad blood, or at least blood that is too acid and therefore not balanced minerally, is responsible for all skin eruptions except those of an infectious nature.

Local treatments may help for a little while but why not get rid of skin troubles forever?

It's the acid in blood that's causing all the trouble and when you take Ocean-O you get a natural supply of alkaline minerals that in a very short time will put your blood in a perfectly balanced condition.

Not only will Ocean-O clear your skin of pimples, acne, hives, boils and other obstinate skin diseases, but the natural vitalizing minerals it contains will get into your blood and carry to every organ, gland and fibre the minerals needed to bring vigor, strength, energy and vitality to the entire body.

No drugs—no dope in Ocean-O and besides being a natural upbuilding tonic it is the natural way to put an end to acid stomach, gas and constipation and it does it. Ocean-O is sold by McKee's Kut Rate Store and druggists everywhere—and if you are not satisfied with results—Money back.

Heavy Sheep Claims Paid In Crawford County This Year

(Special To The News)

MERCER, Pa., Dec. 2.—Since September $4,000 in sheep claims have been paid Crawford county farmers says Harry Higbee of Stoneboro, who is agent for the bureau of animal industry of the state in charge of the licensing of dogs in Mercer and Crawford county.

The number of claims as well as the number of sheep killed are outstanding in the records of the state for the period of time embraced.

Since that time 69 dogs have been shot in this county for their sheep killing proclivities says Mr. Higbee who states that in his many years of experience as a state agent he knows nothing to paralell the condition. Claims totaling $986 were paid two farmers of that county for damage to their flocks by the same pair of dogs later shot by Mr. Higbee. Contrasted with this condition the claims in Mercer county for the year have been on an average with those of 1925 if not less. Co-operation of farmers in this county and the acceptance of the terms of the law by the residents as a whole as testified too by the increasing number of dogs licensed have made possible the reduction of claims, says Higbee.

Plan For Clinic In Mercer County

(Special To The News)

MERCER, Pa., Dec. 2.—Dr. S. J. Dickey plans a big December meeting of two health associations in Mercer county, that of the laymen recently organized and that of the physicians.

At that time will be brought officially to the attention of the twin organizations the proposed opening here in 1927 of a tuberculosis clinic located at Mercer and in charge of Dr. Dickey, who spent sufficient period of time at the state institution located at Cresson to become acqainted with the work. The meeting when held will be open to the public as well. An expert from the state board at Harrisburg will be here and lecture. Motion pictures illustrative of the need and danger of the disease will be shown. The additional clinic will make two in the county, the other located at Sharon. There is urgent need for this additional clinic, say those well informed.

Schooner With Dry Officials Prisoners Still Is Uncaptured

(International News Service)

NEW ORLEANS, Dec. 2. — The French rum runner Arsene J. with two kidnapped prohibition officials aboard, was believed nearing Havana or Nassau today.

No trace of the schooner which put to sea after overpowering assistant prohibition administrator J. B. Matthews and a machinist's mate, has been found since she escaped in a gale Monday, Commander J. L. Brookway of the coast guard cutter 302 reported by radio today.

Commander Brookway informed O. D. Jackson, chief dry administrator for his district, that in the forty hours since her escape the Arsene J., has had ample time to reach either Havana or Nassau. A report that the cutter 302 had overtaken the schooner only to lose it again when a tow line broke was found to be untrue.

Meanwhile fear was expressed here that Matthews and the machinist's mate met with violence at the hands of the nine or ten men that comprise the Arsene's crew.

Grangers Plan To Attend State Gathering Soon

The regular quarterly meeting of the Lawrence County Pomona Grange was held Wednesday at the Liberty Grange Hall.

The morning session was opened by singing the Star Spangled Banner with the civilian salute to the American flag. Roll call was responded to by "Something for which I am thankful."

This was followed by an address on "Co-operation" by Rev. St. Clair of the Neshannock and East Brook United Presbyterian churches. Rev. St. Clair stressed the need of co-operation in and between the four institutions of the land—namely: Home, Church, School and State.

A discussion on Co-operation between Pomona and the subordinate granges, in order to help strengthen the organization, was opened by A. H. Fullerton of Westfield Grange and followed by several other patrons.

Those present who are planning to attend the annual meeting of Pennsylvania State Grange at Lancaster, the week of December 13, are making arrangements for a special car to convey them to the state meeting.

Fire Occurs At Shenango Plant

Sparks from an acetylene torch being used at the fan room of the Shenango plant of the American Sheet and Tin Plate company in the making of structural iron improvements, set on fire rags and refuse covered with grease, this morning about 8:25 o'clock. The city firemen were called by an alarm from 711. The fire was put out with little or no resulting loss.

St. John's Lutheran Council Makes Plans For Church Building

Dr. Charles Burgess, president of the Pittsburgh Synod of the United Lutheran church gave an instructive talk before the church council of St. John's Lutheran church Wednesday evening at the home of J. E. Wright of Winter avenue.

Dr. Burgess dealt with the project of the proposed new church building which the local congregation contemplates erecting on North Jefferson street. The speaker gave a detailed account of how the preliminary plans were to be outlined and work started.

Dr. Burgess will return to this city again in January and assist in the appointing of committees.

The estimated cost of the new church is $250,000.

Intoxicated Party Ends In Shooting

Man Sot In Back As He Stoops To Pick Up Photograph; Gun Wielder Arrested

(International News Service)

BLAIRSVILLE, Pa., Dec. 2.—Shot in the back as he stooped to pick up a photograph at a party in the home of Mrs. John Burns near here early today, Fred Wheeler, 43, was rushed to Indiana hospital in a dying condition.

George Burns, 30, step-son of the hostess, was taken into custody shortly after the shooting, by Sheriff John Malcolm, who said that Burns admitted having had possession of the gun with which Wheeler was shot, but denied the actual shooting.

Police alleged that both men were under the influence of liquor. Four shots were fired at Wheeler as he stooped, police said, one piercing his body.

REVOKE EMERGENCY MEASURES IN EFFECT DURING BRITISH STRIKE

(International News Service)

LONDON, Dec. 2.—The privy council met at Buckingham Palace today and decided to revoke the majority of the emergency regulations, which were in effect during the coal strike.

Automobiles of A. H. Weber of the Y. M. C. A. and A. Ross of 221 South Liberty street, came together at Cherry and Liberty streets, according to the report made to the police. Some damage was done to both machines.

How Eskimo Babies Live In Far North

Santa Claus Tells Of His Friends And Their Ways Of Living—Thacher's Pageant Will Exhibit Real Eskimos, Just As They Live In Northland

The Garden of Happiness,
Top Of The World,
Nome, Alaska.

My Dear Frieds of New Castle:

I do not believe I have explained to you that while I live in the Garden of Happiness, at the Top Of The World, the Eskimos do not live with me but all around me, and must content themselves with cold and snow and such food as comes to them from the sea, the reindeer herds and the nests of birds.

It is so cold in the Eskimo country in the winter that no trees or flowers can grow at all, just as they never grow on the cold summits of the very high snow-covered mountains. Sometimes the Eskimos, by trading with the whaleships, get wood enough to make the sledges or the spear handles with which they kill seal and walrus, but not enough to build houses. Sometimes they pick up a little on the bleak sea-beach, where the ocean currents have brought it for many hundreds of miles from warmer climates.

Having no tools to amount to anything to shape the little wood that does come to them, their houses are very sorry affairs. Usually there is enough wood for a frame, and this placed over a hole dug in the ground is covered with skins.

Very little cooking is done in these houses in winter and most of the food, which consists of fish, walrus and seal meat, is eaten raw.

Eskimos do not travel much or get far from their homes in the winter time but when their brief summer comes they make long trips after game and wildfowl and birds eggs.

It is while they are on these hunting trips that Eskimos build the snow igloos.

The Snow Igloo

These snow houses are made of blocks of snow laid one on top of the other and gradually drawn in until one large block closes the top. Entrance to these igloos is made

through a small opening at the base just large enough to crawl through and in order that the wind and snow may not drift and blow through this hole they sometimes build a smaller igloo in front of the door with an outside entrance hole facing in a different direction.

It is always cold in these igloos and ventilation is made possible on account of the porous snow which not only lets in air but also lets in the wind.

To heat an igloo would melt it and sometimes the warmth of the Eskimos raises the temperature to such a point in the igloos that a hole is melted in the top of the temporary home. The thing to do in a case like this is to crawl out of your nice, warm deer-skin and seal-skin bed and put a new block of ice on the roof.

When baby Tautuk gets cold, as when he is out-of-doors in winter's day with the bitter, shrill wind blowing,—when he gets so cold that he commences crying about it,—his mother will take him out of the fur bag on her back and place him on her back under both her coats, where he will be held by a lot of sealskin strings passing back and forth under him and around her shoulders over her dress; and there he will be very warm, directly against her body under her two fur coats, besides the four thicknesses of the hood wherein he was riding before.

How the Eskimo Baby Amuses Itself

When in his own home, in order not to trouble his mother while she is sewing or cooking or doing other work, the little baby is allowed to roll around almost without clothes, among the reindeer skins that make the beds, where it amuses itself with anything it can lay its hands on, from a hatchet to a snow-stick. This stick is much like a policeman's club, and is used for knocking snow off the reindeer clothes; for when the Eskimos come indoors, they all take off their outside suit and beat it with a stick, to rid it of the snow that covers them.

Baby Eskimos play with dolls made of the horns of reindeer and when they get so they can run about and play at hunting and fishing they are given tiny spears and bows and arrows.

When Eskimos want to travel they walk, ride a reindeer, take a canoe made of wood and covered with hides or hitch up dogs. In an Eskimo village there are always lots of little puppies to feed and to play with. Such plump, round, soft, playful little puppies! You could not believe that they would be great, strong dogs, who could draw their masters on a sledge forty and fifty miles a day, and even fight the great white polar bear.

I have been staying in this Eskimo village near Nome since writing you my last letter and will start again tomorrow for New Castle. Tomorrow I will write and tell you about my trip down the coast and overland to meet you.

Your loving Santa.

DR. W. B. CALDWELL AT THE AGE OF 83

Mother! It's Cruel to "Physic" Your Child

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept constantly "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he did not believe that a sickening "purge" or "physic" was necessary.

In Dr. Caldwell's Syrup Pepsin he discovered a laxative which helps to establish natural bowel "regularity" even if the child is chronically constipated. Dr. Caldwell's Syrup Pepsin not only causes a gentle, easy bowel movement but, best of all, it never gripes, sickens or upsets the most delicate system. Besides, it is absolutely harmless, and so pleasant that even a cross, feverish, bilious, sick child gladly takes it.

Buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin", Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself.

Girls Have Perfect Attendance Record At Scotland School

The girls of grade five of the Scotland public school have 100 per cent for attendance during the month of November.

Many of the boys have also attended regularly.

Those who have 100 percent attendance for the past month are as follows: Misses Helen Carpenter, Catherine Carr, Theresa Chiafullo, Albina Clapper, Irene Crespi, Eleanor Critchlow, Evelyn Cunning, Annie Dickinson, Ruth Gilbert, Elizabeth Morgan, Betty Schiek and Hazel Woods.

Masters Gerald Bailey, Robert Blumquist, Raymond Cunning, Samuel Doleone, Dominick Monico, Wilbur Snee, William Taylor, Wayne White, Clarence Wiber, William Morgan and Louis Clark. Percentage for the class is 97. Mrs. Aileen W. Stone, Teacher.

IS SLATED FOR ENVOY TO U. S.

PARIS, Dec. 2.—Paul Claudel, most literary of French diplomats, will suceed Henry Berenger as ambassador at Washington if the United States agrees and the chosen candidate is willing.

Semi-official announcement was made today that M. Claudel, now holding the post of ambassador at Tokio was the government's choice. His nomination awaits the approval of the state department and the acceptance of M. Claude having been ratified by the cabinet.

The successful candidate for the Washington post was preferred to Count Charles De Chambrun the minister to Greece because of his seniority in rank and service and for the further reason that he has had enough of the far east.

The new ambassador has served as minister to China, minister to Denmark and ambassador to Japan.

BURNS ARE FATAL TO GIRL, AGED 5

PHILADELPHIA, Dec. 2.—Fatally burned yesterday when her clothes ignited when she played with matches during her mother's absence, Mathilda Teracci 5, is dead here today. A fire company was summoned and after extinguishing the blaze took the child to a hospital where she died last night.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All druggists sell Cascarets. Don't forget the children—their little insides needs a gentle cleansing, too.

LESS THAN HALF OF STATE VOTERS WENT TO POLLS

(International News Service)

HARRISBURG, Pa., Dec. 1.—The recent general election in Pennsylvania drew out less than one half of the potential voters of the state, figures on record in the offices of the State Election Bureau reveal.

According to figures tabulated by the state bureau returns filed from the various counties 1,504,696 persons voted in the November 2 election. The exact number of qualified voters has not been determined for this year, but the number qualified for the November election in 1925 was 3,244,965. On this basis less than half the qualified voters cast their ballot this year.

The 1925 census of voters registered and enrolled in the state was made in accordance with a legislative act of May 13, 1925. The census was made by the secretary of the commonwealth.

At the primary election last May the total vote cast was 1,616,739, which was a record vote for a primary election in the state.

The presidential election in 1924 drew a total of 2,144,610 votes compared with 1,852,759 votes cast in the state in the 1920 presidential election.

The total vote in the gubernatorial election in 1922 was 1,463,672.

Legion Members Have Pig Roast

Hundred Ex-Servicemen Enjoy Feed At Legion Home Wednesday

SEVERAL SPEAKERS ADDRESS MEMBERS

What General Pershing really said when he landed in France may never be definitely known, but what happened to the two lusty young pigs purchased for the American Legion Pig Roast Wednesday night is known, and the gentlemen who aided in the destruction of them are known.

All that remains today are two stark frames, as free of meat as a barracks room is of powder puffs. Yesterday morning they were a sight to behold, full and firm and pleasant to the eye. Today they look like the wreck of the Hesperus.

Crowd Exceeds Expectations

The Social Committee had prepared for about 80 guests. Instead of that there were over 100. Legionnaires from Ellwood City and Slippery Rock, from New Castle, guests who decided to go at the last minute, all of them poured in and while they jammed the banquet hall to overflowing, they made it one of the best affairs ever held in the Legion Home.

Roast pig stuffed with well seasoned stuffing, sweet potatoes, pickles, baked apples, rolls, ice cream and cake and coffee, isn't so hard to take and how they took it.

Bill Fleming and Lou McAneny had charge of the kitchen detail, and Pat J. Dempsey had charge of the program at the table. Both ends of the line were a success.

After the blessing by Rev. Fr. Clifford of St. Mary's church, the boys made a frontal attack upon the pig, sweeping everything before them and carrying their objective. Before the speaking program, Paul A. Welsh led the gang in some songs with Dr. C. C. Dickey at the piano.

Then the speeches. Not long ones. Judge R. Lawrence Hildebrand, District Attorney J. Elder Bryan, Ex-Judge S. Plummer Emery, Bart Richards, Rev. Fr. Clifford, Commander Jones of Ellwood City, Commander Harry Long of New Castle, and Tommy Foley of Ellwood City spoke, and State Vice Commander Harry B. Bunting of Pittsburgh closed with a talk on the duties of the Legion.

It was a wonderful evening, one that should be made an annual affair. The only casualties were the two pigs, but they died in action in a glorious cause.

Coke Production Shows Increase

(International News Service)

CONNELLSVILLE, Pa., Dec. 2.—The coke production situation in the Connellsville region so far as related to increased availability of merchant coke was almost unchanged last week, a survey showed today. The increase was but 340 tons. Furnace interests, however, reversed their position of the preceding week and speeded up operations sufficiently to increase the regional output by 2,020 tons.

Figures showed the total production to be 142,360 tons, as compared with 140,000 tons the week before.

New Legislators Now In Office

Term Began Wednesday—Legislative Session Starts In January

While the General Assembly of Pennsylvania will not be organized until January 4, 1927, the members of the House and newly elected members of the Senate began their term on Wednesday, December 1. Incidentally, the terms of the members who sat in the session of 1925 and the special sessions of 1926, ended at the same time, and those who were re-elected begin anew.

The starting of the term of the representatives and senators on December 1, dates back to the days when the General Assembly started its work on the first Monday of December.

The hold over senators, that is those whose terms do not expire until 1928, are not affected, but those senators or representatives who either did not run or were not re-elected, are now eligible for appointment.

Under the law, a member of the General Assembly may not be appointed to public office during the time for which they were elected. This has been taken to mean that even though one of them resign during his tenure of office, he cannot be appointed to any public office.

The session of the General Assembly will get under way on the first Monday night of January 1927, when the caucuses of the two major parties will be held to nominate candidates for the speakership.

At noon on the first Tuesday of January, the House and Senate formally convenes, a speaker is elected by the House, he is inducted into office, and the session adjourns for two weeks while the Speaker appoints his committees.

Pittsburgh Court Crowded As Heart Balm Trial Resumes

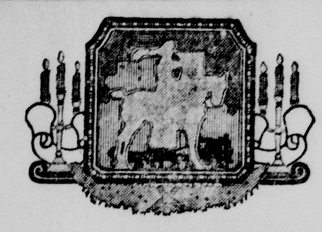

(International News Service)

PITTSBURGH, Pa., Dec. 2.—Anticipating more sensations, after listening to Miss Anne Caldwell describe from the witness stand her alleged intimacies with John W. Hubbard, millionaire Pittsburgh shovel manufacturer, a crowd of court fans swarmed into Federal court long before today's session of the hearing on the New York actress' $500,000 breach of promise suit opened.

On the witness stand for more than an hour, Miss Caldwell recited to the jury her story of how she met Hubbard in an Atlantic City cabaret in 1922 and became engaged to him five months later. Almost three years later, the plaintiff testified, Hubbard broke the engagement.

After Miss Caldwell left the stand her counsel produced 100 love letters said to have been written by Hubbard to the actress and offered them one by one into the evidence. Introduction of the letters was to be resumed at today's session.

Multiplied Beauty —Perennial Youth

I found them in the ways I offer you

By Edna Wallace Hopper

These are the greatest of Edna Wallace Hopper's Aids. I consider them the best in existence, and after 40 years of searching I should know. Each combines a number of helps in one application.

White Youth Clay

This is a new-type clay, based on 20 years of scientific study. It is white, refined and dainty. It combines three clays with numerous other factors to bring maximum results. The crude and muddy clays you know are not at all like this.

White Youth Clay purges the skin of all that clogs and mars it. It draws out the causes of blackheads and blemishes. It brings the blood to the skin to nourish and revive it. The result is a rosy afterglow which amazes and delights. It combats all lines and wrinkles.

White Youth Clay will bring to any girl new beauty in 30 minutes, and women often seem to drop ten years. I urge you to learn what it means to you.

My Youth Creams

My Youth Cream combines a dozen of the best helps known to foster, feed and preserve the skin. These include products of both lemon and strawberry. Youth Cream comes in two types — cold cream and vanishing. One for night, the other for the day. My baby-like complexion shows one of the effects. You will be delighted with this cream.

Still a Girl

Mine is a grandmother's age, and my life has been spent in the limelight. Yet I am still a stage star, still a beauty, still a girl. The thousands who see me daily marvel at my youthful bloom. And countless young girls envy my hair and my complexion.

My mother took me as a girl in a world-search for beauty aids. The best we found then were produced by French experts. I became by their help a famous beauty, gained a glorious career. Since then I have made 34 trips to France to learn of her latest discoveries. They have preserved my beauty, kept my youth, as all who see me know.

Now I am placing these helps—the best I found—at every woman's call. All drug and toilet counters supply them in my name. Every girl and woman who desires may use exactly what I use, and at a modest cost. I am doing my best to bring to millions the benefits I gained.

My Facial Youth

Facial Youth is a liquid cleanser which French scientists gave me. Leading beauty experts the world over now advise and employ the formula, but they usually charge too much. So only a small percentage of women yet know this superlative help.

Facial Youth contains no animal, no vegetable fat. It cannot assimilate in any way with the skin. It simply cleans to the depths, then departs. All the dirt and grime, dead skin and clogging matter depart with it. You will never know what a clean skin means until you use Facial Youth. And no skin can keep lovely unless clean.

My Hair Youth

My hair is my greatest glory. It is thick and lustrous, far more luxuriant than 40 years ago. I have never had falling hair or dandruff, never a touch of gray. All that I owe to French hair experts whose best helps are embodied in my Hair Youth.

Hair Youth is concentrated. I apply it with an eyedropper directly to the scalp. There it combats the hardened oil and dandruff which stifle the hair roots. It tones and stimulates the scalp. My hair shows how hair can flourish when the scalp gets that attention. The first application will show how much you need it.

The coupon will bring you a liberal sample of any of my beauty helps. Check which you want and send it. Clip coupon now.

School Tests At Bessemer

Pupils Are Being Given Examinations For Six Weeks' Period

OTHER ACTIVITIES OF PUBLIC SCHOOLS

(Special To The News)

BESSEMER, Dec. 2.—Thanksgiving vacation gave Bessemer students a chance to relax before the hard week that they are now facing. One may drift for a while, taking the course of least resistance but sooner or later the testing days will come.

It is customary in Bessemer high school that every sixth week is test week. Since this is the last of our second six weeks period all students are being tested and reviewed in every subject. Tuesday, Wednesday and Thursday were the days set apart for the tests and books are being studied with a keen enthusiasm. Test grades will count one-third toward the final six weeks grade.

Reports will be given out Wednesday noon. Report grades will detemine who will be members of the Flunker's club for the coming six weeks. The Flunker's club up to the present date has been one of the largest clubs in school. Let us cut down its membership.

Miss McLaughlin had charge of the intersting Thanksgiving program which was given the Wednesday before vacation. The program consisted of readings, music and talks. The male quartet sang several selections. The school was very fortunate in having as the main speaker of the morning Rev. Engle, Bessemer's nef Presbyterian minister.

Emory Parnell, known as the "One Man Band" entertained an immense audience last Friday evening at the high school auditorium.

This was the third number of the Lyceum course. Vocal solos, acompanied by an accordion and drums were a part of the evening's program. During his fascinating characterization Mr. Parnell told appropriate stories concerning the persons he was delineating.

The first of a series of class games was played Tuesday at noon in the high school auditorium. This was a game between the Seniors and the Freshmen. The score was 12-7 in the Seniors favor. Although the Freshies were small they fought bravely and played a hard game.

"Behind the Front" the great sensational movie of the World War will be shown Friday evening, December 3 in the Bessemer high auditorium. This play shows the sunny side of the war and helps us to forget the horrible experiences that are usually portrayed. Wallace Beery, Raymond Hatton and Mary Brian feature in this human interest comedy. A news reel will also be shown.

Sale Of Bessemer Cement Company Plant Is Proposed

YOUNGSTOWN, O., Dec. 2.—Negotiations are under way for the sale of the Bessemer Limestone and Cement company, one of the strongest companies in this section, operating at Bessemer, where it controls limestone reserves estimated at 600,000,000 tons.

President John Tod of Youngstown, advises stockholders in a letter issued yesterday to retain their holdings pending current negotiations. The company produces cement and blast furnace flux stone. Prospective purchasers are in the cement business in another district.

Finds Penny 100 Years Of Age In Ground At Punxsy

(International News Service)

PUNXSUTAWNEY, Pa., Dec. 2.—Osmar Gourley, an employe of the Pennsylvania public service commission, is carrying a century-old luck piece—a penny made in 1826.

Gourley found the penny two feet underground while digging a hole for a pedestal for the whiteway lighting system being installed here.

The penny is a little larger than the present day nickel.

Wilkison Attends College Conference At Ann Arbor, Mich.

(Special To The News)

NEW WILMINGTON, Pa., Dec. 2.—Walter Wilkison, of New Castle, a member of the senior class at Westminster College and president of the student council, is in attendance at the second annual congress of the National Student Federation of America, being held at the University of Michigan, Ann Arbor, Mich. The congress opened Thursday morning and continues until Saturday evening.

The federation came into being in 1925, taking definite form at a congress held at Princeton, N. J., at which Westminster was represented. The question discussed at that time concerned the advisability of the United States entering the World Court.

The federation purposes to achieve a spirit of co-operation among the students of the different colleges throughout the country to the end that the experience of one shall inure to the advantage of all; to develop understanding between the students of America and foreign countries; and to further an intelligent student opinion on questions of national and international importance.

Scouts To Have Ceremony At Ben Franklin Junior High School

MANY OF SCOUTS TO SET AWARDS

The Court of Honor by the New Castle district of Lawrence County Council, Boy Scouts of America will be held Friday evening, December 3, at the Benjamin Franklin High school, at 7:30.

At this time several hundred badges will be awarded to scouts of this district. Six Eagle badges, the highest rank in scouting will be among those issued.

The ceremony is to be in charge of Dr. C. J. Williamson, chairman of the court. The program will be in two parts, and is called "Scaling the Heights." Ralph Reed, Deputy Scout Commissioner, will take the part of the Knight of Achievement, and O. P. Fox, Scout Commissioner, Judge S. Plummer Emery, president of the council, Kenneth Atkinson and Charles Buschman, pages.

There will be a chorus of forty boys' voices under the direction of Professor T. W. Johns. The North Street Junior High orchestra will furnish the music under Miss Isabel Zehner of the Senior High school faculty.

The ceremony will be free to the public, in fact, the Lawrence County Council urges all parents and friends and especially boys not Scouts, to be present to witness this beautiful ceremony.

B. W. Druckenmiller left this week for Weatherly, Pa., where he will spend several days hunting.

See First Move In Trade War

(International News Service)

DETROIT, Dec. 2.—Reduced personnel may be expected when work is resumed at the Ford Motor company's plants, it was learned today. The Highland Park and Fordson plants closed Tuesday midnight until next week as least.

Although officials of the Ford company refused to deny or affirm the report it was learned that the safety director and 200 other men in the safety and first aid divisions of the various Ford enterprises have been discharged with explanations that "they won't be needed any more."

In some quarters the shutdown was seen as the first move by Ford to prepare to come to grips with the General Motors Corporation in a trade war.

In this connection it was reported that new machinery and trials for the manufacture of a medium six-cylinder car will be installed but Ford officials continue to deny emphatically that a new car will be turned out.

Young People Hear Rev. Tressler At Central Christian

Motion Pictures Shown Of Sailors Employed At Sea And Methods Of Recreation

A large number of young people met in Central Christian church on Tuesday evening to see motion pictures shown by Rev. Osmar M. Tressler of Philadelphia who is Army and Navy superintendent of the Christian Endeavor Society.

Rev. Tressler's pictures showed many points of interest in the lives of sailors; how they are employed on the sea and how the Society has assisted them to have good methods of recreation when off duty. The boys who are sick are taken care of by money given by the Christian Endeavor members.

Lawrence County reported 25 comfort bags cut out and money is being collected to fill the bags with needles, thread, testaments, candy, and writing paper for the boys Christmas presents.

In answer to roll call each president answered with number of active members present and number of registration for the 1927 Christian Endeavor convention at Cleveland, O., as follows: First Christian, number present—7; number of registrations — 2; Westfield, number present—14; registrations—20; Central Christian, number present—26; registrations—0; Reformed Presbyterian, number present 1; registrations—2; Central Presbyterian, number present—3; registrations—4; Hopewell Presbyterian, present—1; registrations—1.

Several visitors were present. Four officers of the Beaver County Union were special guests.

Talented Musicians To Present Concert Under Auspices Of A. B. D. Girls

Professor and Mrs. Paul Browne Patterson, and Mrs. Thomas Munroe will present a concert of piano and organ numbers in the First Presbyterian church auditorium, on Tuesday evening, December 7, at 8 o'clock.

This concert will be under the auspices of the A. B. D. Girls, and is open to the public, with no admission charge.

A well rounded program has been planned and it is hoped that all music lovers of the city will take advantage of this display of musical talent.

4,622,211 Persons Attended Sesqui

One-Fourth Of Total Visited Exposition On Sunday, Despite Opposition

PHILADELPHIA, Dec. 2.—Figures made public showed that 4,622,211 persons paid admissions to the sesqui-centennial exposition, which closed Tuesday.

The exposition opened May 31. More than one-fourth of the total attendance was on Sundays. An average of 58,469 persons paid admissions to see the exposition on the Sabbath, despite the sharp controversies which raged about the legality of operating the fair on that day.

A $1,000 participating cetrificate of the Sesqui-Centennial Exposition Association was sold at public auction yesteday for $40, or 4 per cent of its face value. The sale was taken as an indication of the actual value of the bonds at present. At the time they were offered for sale no promise of a return was made and Charles B. Hall, president of city council, recently predicted the holders "would never receive a cent."

Automobiles Took Death Toll Of 1,152 Lives In Nine Months In State

(International News Service)

HARRISBURG, Pa., Dec. 2.—Automobiles took a death toll of 1,152 persons in Pennsylvania during the first nine months of 1926, according to data made public today by Dr. Charles H. Miner, state secretary of health.

In making this announcement Dr. Miner pointed out that during the entire year of 1925 typhoid fever killed but one-third as many as automobiles in nine months this year.

The death rate for the nine months of 1926 by automobile was 16.3 per 100,000 population and for the same period of 1925, 16.2 a difference of 20 lives in the state.

January, April, May, June and July had more accidents in 1926 than in 1925. The other months including August in the height of the tourist season reported fewer accidents and deaths this year than last. This fact was attributed to the rainy season which caused fewer automobiles to use the highways.

To Clean Tiles.

At least once a year make a light paste of plaster of paris and wash the bathroom and kitchen tiles with it allowing it to dry Then wipe off what is left on. It will do away with dark lines and spots.

Coulthard Makes Appeal For Safety

Annually December is a big month for street car and auto operators and I have instructed all P-O drivers and operators to exercise extraordinary caution in the hope of avoiding accidents," said C. C. Coulthard, local division superintendent, today.

Coulthard also made a public appeal to all pedestrians, auto, truck and wagon drivers to cooperate with the street car men.

Deafness Due to Catarrh of Air Passages

Authorities Blame Nasal Catarrh for 90 Per Cent of Deafness Throughout the World

Free Trial Offer to All Sufferers

DAVENPORT, Ia., Dec. 2.

According to authorities who base their assertions on years of research and actual medical observation and practice, 90 per cent of the deafness in the world today is due to catarrh—catarrh of the air passages.

Not only is catarrh of the air passages generally termed nasal catarrh, blamed for deafness, but at its door is laid many other diseases, such as stomach catarrh, poisoned conditions of the body, and a generally diseased condition.

This May Be Relieved

This condition may be relieved. Now that Dr. W. O. Coffee, a physician of this city, has developed a home treatment for deafness, head noises from nasal catarrh, and catarrh itself, it is possible to remedy the catarrhal condition in many cases and make hearing practically normal once more. It has been proved that in many cases this is true.

Great Success

Phenomenal success has attended Dr. Coffee in his work since he first developed this home treatment. It is stated that more than 500,000 cases of deafness, head noises due to nasal catarrh and catarrh have been treated by this physician in all sections of the country and out of this number a huge amount have reported complete satisfaction.

Most of his patients have been people whose hearing was bad in one ear and was rapidly getting bad in the other. With every cold, the hearing grew worse. This condition was relieved for many; relieved not only for the time but the catarrhal condition was bettered and in many cases all traces of the disease were gone.

Deafness strikes at all ages—and this home treatment of the Davenport doctor has been used by people of all ages. By this method many who were apparently destined to go through life with the handicap of impaired hearing were made normal once more.

Improvement General

Physicians state, authoritatively, too, that in these cases doubtless other diseased conditions were combated and relieved by the defeat of catarrh; for it no longer poured its daily portion of poison into the human system and the body was no longer required to use a great portion of its strength in throwing off this poison. As a result it was better able to combat new disease and the general physical condition was bettered in addition to the relief given for deafness.

Amazing Letters from Many Who Thought Their Cases Beyond Relief

Davenport, Ia., Dec. 2,

Included in the thousands of letters received by Dr. Coffee, the deafness and catarrh specialist, from people who tell of their relief from deafness, head noises from nasal catarrh, and from catarrh, he has given a number which are reproduced below.

All of the letters shown in this article are on file in this office. Following are the records of a few typical cases as told by Dr. Coffee or the patients themselves:

After 17 Years

"Mrs. M. S., aged 64, of St. Louis, came to me personally with a history of losing her hearing about 48 years ago, caused from a catarrhal condition that started when she was a girl. She had been treated by the best doctors in St. Louis, and finally went to Berlin, Germany, and France, trying to find relief from the deafness.

"She was practically totally deaf in her right ear when she came to me and almost in the left. She hadn't heard a telephone in 17 years, and people usually had to write to her. She complained of the most intense head noises. She started my treatment and used it regularly. At the end of two months' time she could not see that she was hearing any better; in two months and a half, she sat down and cried, she was so discouraged; at three months she thought she could hear a little better. She kept up the treatment for about a year, and at the end of that time could hear a telephone plainly with either ear, the first time in 17 years.

"This was one of the worst of the long standing severe cases of deafness that I ever treated, and it shows the possibility of what may be done if the structures of the middle ear are not damaged by the disease. She had a long standing catarrh, but the ear drums were not seriously damaged."

Relief at 86 Years

"Mr. J. C. P. of Elmer, Mo., wrote that he suffered with catarrh of the nose and head. Made him deaf quite rapidly. He suffered with severe head noises. He used my home treatment five months, and wrote me that he was completely relieved and says, 'I will surprise you by telling you that I am 86 years old'."

Dr. Coffee says that most people past 80 years of age do not obtain complete relief from long standing deafness and catarrh. Usually they are not strong enough and vigorous to throw off long standing weaknesses.

P. A. N. of Galesburg, Illinois, writes: "Just a few lines to let you know that your medicine has done me lots of good. The noise in my head is all gone now, and I feel fine. I am an old lady, 82 years old, and I thank you very much for your trouble." She used only one month's treatment.

Mrs. Fanny B. W. of McKenney, Va., writes she was afflicted with head noises and with itching of the ears, periodical deafness, sometimes almost totally deaf. "I have not been deaf since using your treatment. Your medicines are wonderful." She used three months' treatment.

A. W. B. of East Chicago, Ind., writes, "I have used the one month's treatment received from you just as directed. It has relieved me of all my trouble of ear noises and throat trouble. I can truthfully say with thanks to you that it is a wonderful treatment for catarrh of the nose, head and ears." He used one month's treatment.

Sidelights on This Treatment for Deafness and Head Noises from Nasal Catarrh

Literally thousands of people from different sections of the United States have used this special, original home treatment. Not only have many found relief from distressing head noises but restoration of good or normal hearing as well.

A huge file, containing hundreds of letters from sufferers in all sections of the country has been placed in Dr. Coffee's offices. Here is kept the record of each case treated and in this way, a careful check can be kept on the patient's progress and results of the treatments.

Contrary to the general belief, deafness and head noises due to nasal catarrh often lend themselves to treatment and relief very readily. The peculiar construction of the ear, in its relation to the nasal passages, both creates a condition which results in deafness and makes possible a ready relief when that is corrected. This was the basis of the home treatment as perfected by Dr. W. O. Coffee which has resulted in relief to thousands of sufferers from deafness and head noises from nasal catarrh, and from catarrh itself.

Dr. W. O. Coffee appeals especially to those who are just beginning to notice that they are losing their hearing in one ear and with the coming of a cold find the other ear affected. Many who are now stone deaf could have been made to hear again if their cases had been properly cared for at the first showing of dullness of hearing.

Many cases of deafness are caused by dry catarrh—a type which gives no noticeable discharge or symptom.

Insurance authorities place deafness in the list of those defects which add to the risk of the insured life. Many railway accidents, accidents in the street with automobiles and in practically every walk of life are due to deafness or dullness of hearing. This condition in many cases can be corrected—if the condition is due to nasal catarrh. Nasal catarrh is responsible for practically 90 per cent of the deafness today, authorities state.

There is no obligation attached to Dr. Coffee's plan in any way. It is simply a means, the doctor explains, of spreading the news of his treatment and proving to the world that such a thing as relief for deafness, dullness of hearing and head noises from nasal catarrh and catarrh itself, is possible. He is sure of what his treatment will do; the sufferer is not sure and unless it is proven, the fact that it is effective and has given relief in thousands of cases will never be known by victims of this terrible affliction.

Restored Hearing in One Month

Mr. George Bishop of Sask., Canada, says, "I had been growing deaf for 12 years and had been to some of the best hospitals in all Canada and even submitted to operations without success. I spent hundreds of dollars but gradually grew worse. I became so bad that people had to talk directly into my ear, if I was to hear. By using Dr. Coffee's treatment, my hearing was greatly benefited in one month's time. I wish that every sufferer everywhere who is afflicted as I was would give this wonderful treatment a test."

Deaf Since Childhood; Hearing Greatly Benefited This Way

Mona McBride

Chronic and Acute Deafness Ends

Mrs. Mona McBride of Illinois says, "This is to certify that since having scarlet fever when a little girl, I have been hard of hearing, and for the past four or five years I have been almost entirely deaf. A few months ago my left ear began to discharge. I found it to be abscessed and discharging a foul fluid. Nothing seemed to stop it and finally I tried Dr. Coffee's treatment. To my surprise and delight the hearing in the ear which was partially deaf for nearly 20 years has returned and the abscess has healed. Now I can hear a conversation six feet away. I didn't believe it possible and I certainly advise anyone suffering with deafness to try this treatment. I obtained relief in a short time."

Catarrhal Deafness Successfully Relieved by Davenport Doctor

Prepares 25,000 Trial Treatments Which Will Be Given Away Free for the Next 30 Days to Sufferers from Deafness and Head Noises, from Nasal Catarrh, Dullness of Hearing and to Catarrh Sufferers

Davenport, Ia., Dec. 2, (Special.)—A proved treatment for deafness and dullness of hearing from nasal catarrh and for catarrh itself has been developed by Dr. W. O. Coffee, an eye, ear, nose and throat specialist of this city, which has resulted in the restoration of hearing to hundreds.

Basing his treatment on the fact that in practically 90 per cent of the cases, loss of hearing is due to a catarrhal condition, Dr. Coffee by concentrating his efforts in that field has proved that restoration of hearing is not a myth. Literally thousands of people from all sections of the United States have taken this original home treatment and have been benefited. Letters from hundreds of these people thanking the doctor for his treatment and attesting to the effectiveness of his work are on file in his Davenport offices.

Dr. Coffee does not claim that his original treatment will restore hearing to all cases of deafness, but he says if the deafness or head noises are caused from a catarrhal condition and the tissues of the middle ear are not damaged, the hearing should be restored to real good or normal. Basing his experiments in his office on this practical relief of these conditions, he has positively demonstrated and proved that the restoration of hearing to many severe cases is an easy, practical fact for the sufferer to accomplish for himself at home.

Literally thousands of people from different sections of the United States have used this original home treatment and many found relief from distressing head noises and restoration of good or normal hearing.

Tells of Development

In telling of the development of this effective treatment for deafness, Dr. Coffee says: "More than 25 years ago, I began to suffer with head noises, dullness of hearing and with catarrh. I was rapidly losing my hearing. I was bad in one ear and with every cold I would get bad in the other. Slowly but surely my hearing was leaving me. I naturally tried every treatment that I knew of, as deafness in my profession would have been fatal to my success. After a great loss of time and when two operations had failed to give me permanent relief I calmed my fears and began to analyze the cause and effect of my trouble.

"Basing my treatment on the results of this study I evolved a system which I believed would remove the handicap of deafness if anything would. There was nothing magical about it. It was a logical, scientific treatment, and within a short time I began to improve. After some time, I was normal again.

"I did nothing spectacular; all I did was to slowly but surely remove the causes of the deafness, and when the causes were removed, I was able to hear again.

Relief to Thousands

"Acquaintances and friends of mine inquired as to the treatment, and soon I was overwhelmed with requests for the method. To treat this number of people in time allotted to office hours would have been impossible and I started to develop a home treatment. After careful consideration I effected a course which I believed to be effective. I allowed a number to try it at home, without the assistance of a physician, and found that they could do the work with almost the efficiency and the good results that a doctor could.

Tells of Home Treatment

"Changing the treatment and developing it—adding here and taking away there, after several years, the 'home treatment' was perfected. Now it is possible for anyone, anywhere, with just ordinary household surroundings, to treat themselves for relief of deafness, dullness of hearing or head noises from nasal catarrh."

Hundreds Tell of Relief

Because of the horror of deafness and because of the great number of people who are yearly afflicted with this terrible condition, it was hard at first for sufferers to believe that they could be bettered by a simple home treatment. But the many people who have been bettered by the treatment—have at last established Dr. Coffee as a leader in his field. His name is known to thousands of people throughout the United States.

Explains Free Offer

To prove that this treatment is effective—that deafness, dullness of hearing and head noises from nasal catarrh and catarrh itself can be treated and relieved at home, Dr. Coffee will give away 25,000 trial home treatments. He is making these announcements in newspapers throughout the entire country and quickly the free demonstration packages will be gone.

Many people have been given freedom by using the free treatments; they have told others, and in that way the giving away of free treatments is explained by this physician. Many who have been bettered by the free treatments have written for more of the splendid method which removed the "bugaboo" and fear of being forever deaf.

Those who are suffering with deafness, dullness of hearing or head noises from nasal catarrh, may try free, at no cost to them whatever, this original treatment. Even the parcel post charges are prepaid by Dr. Coffee and they arrive at the home of the deafness sufferer free of all cost or obligations.

It Is Sent Free

So send in today and tell Dr. Coffee your trouble. If you are a sufferer from deafness or head noises from nasal catarrh which may cause you to become deaf, tell him and he will send you a free treatment for this distressing condition.

Do this now—while this offer is before you.

500,000 Treated for Catarrhal Deafness and Catarrh, is Doctor's Record

A remarkable record has been established by Dr. W. O. Coffee, the Davenport, Iowa, eye, ear and nose specialist, who has developed the treatment for deafness, head noises from nasal catarrh, and catarrh.

During his 45 years as practicing physician, he has probably established a record which no other physician in the country can match. His records show that more than 500,000 people suffering from deafness, head noises from nasal catarrh, and catarrh, and eye diseases have used his treatment. These peole live in all sections of the country and have been treated, in the majority of cases, at home, using the home treatment for this distressing condition, as developed by Dr. Coffee.

The results of these different cases have been gone over and compiled and the beneficial effects of this home system of treatment have been proved. When the average physician has treated fifty cases with one definite system of treatment, it is sufficient to demonstrate what it will do. Dr. Coffee has thousands of such cases. Letters from people who have used this home treatment are on file in his office that show the wonderful results.

Plan New Airport For Los Angeles

Two-Million-Dollar Municipal Airport For Los Angeles Planned

MOVIES SEEK "HICK TOWN"

By THOMAS R. CURRAN
International News Service Staff Correspondent

LOS ANGELES, Cal., Dec. 2.—A $2,000,000 municipal airport for Los Angeles was in prospect today following the appointment of a special committee of the city council to select an available field.

The committee is said to have several fields under consideration. Money for the purchase of the field would probably be raised by a special bond issue, officials at the city hall admitted.

Purchase of a municipal airport, suggested some time ago by Arthur Brisbane, the editor, is believed to be the first step in a program to make Los Angeles the aviation center of the United States.

The movies are complaining these days of the scarcity of "hick towns" in southern California. Chambers of commerce and booster societies are all right, it is said, but they are standardizing small towns with paved streets and ornamental lights to such an extent that movie location experts are having a hard time finding suitable villages for the filming of hamlet street scenes.

Colleen Moore and her company are hunting a hick town for "Bennie", her new picture. It looks now, however, as though the company will have to go to another state or else build an old-fashioned "main street" from "sets".

"Stick-up men" in Los Angeles and Hollywood have recently adopted a long, sharp knife as an instrument of persuasion. Deputy District Attorney W. B. Heinecke reported today. Heinecke said that in the past few weeks he has prosecuted more than 10 of these "knife robbers".

"The knife is every bit as effective a weapon for a hold-up man as a revolver", Heinecke declared.

Wallace Beery and Emil Jannings will make a picture together, Paramount officials revealed today.

Although the story has not been definitely selected, it was declared that the Beery-Jannings feature will be launched as soon as the actors finish pictures upon which they are now working.

Pedigreed pups are the favorite pets of the movie stars. Colleen Moore has a Saint Bernard; Corrinne Griffith boasts of three dogs of divers breed; Milton Sills owns two airdales; Harry Langdon prefers bulldogs; Anna Q. Nilsson pays taxes on a German Shepherd dog and an Aberdeen terrier, and Marie Prevost's prize cairns earned several ribbons in a dog show in the East.

Announcements will be made by T. J. Davies, superintendent and Kirwin Hilbert.

The registration committee will be composed of Willard Porter, Vera Blink, Grace Gibson and Arthur Day.

To Present Cantata In Emmanuel Church

Much interest is being shown by the choir of the Emmanuel Baptist church in the presentation of the sacred cantata "The Prince of Peace" by J. Truman Wolcott which will be presented during the Christmas season.

From all indications it promises to be one of the best cantatas given by this splendid choir.

The production will be given under the direction of Charles Richards, chorister with Edwin Lewis at the piano.

Americanism early date: "Let's go." Modern: "Let the Government do it."

Has Leading Role In School Play

BARBARA BRATCHIE.

Barbara Bratchie as the dignified and determined Mrs. Barrett in "A Lucky Break" would appeal to any one as being invincible, and yet—and yet—"there's many a slip" and the case of the young people was not quite hopeless.

Barbara and Dorothy Jean Wallace shared honors last year when they made their dramatic debut together in "Peg O' My Heart" and those who saw them in that performance will be prepared for some clever acting in the new play.

Proceeds from the play to be given December 8 and 9 will be used for the school orchestra, the new moving picture machine and the school library.

Reservations should be made as early as possible in order to secure advantageous seats.

Will Organize Monday Night

In accordance with the school law of Pennsylvania, a meeting of the New Castle board of school directors will be held Monday evening, December 6, at which time the board will be organized for the coming year.

A president and vice president will be elected and the various committees appointed. At the present time the president is James K. Love with Mrs. John G. Nothdurft as vice president. In addition to the organization meeting, some matters of business will be attended to.

Will Oppose Move To Secure Pardon For Albert Carelli

(International News Service)

PITTSBURGH, Dec. 2.—Organized opposition to efforts of W. F. Plagnez, Cleveland banker, to obtain a pardon for Albert Carelli, so-called "blue bandanna bandit", now serving from 28 to 59 years in the Western penitentiary, will be presented to the state board of pardons when that body hears arguments on the case Dec. 15, District Attorney Samuel Gardner said here today.

Carelli, who was originally pardoned by Gov. Pinchot after being convicted of murder, was befriended by the Cleveland banker when he went to that city to live.

A long series of legal battles followed Carelli's removal to Ohio, the case finally going to the U. S. supreme court before Carelli was extradited on burglary charges for which he is now serving time.

Plagnez served notice on the district attorney's office here that his attorneys will appear before the board of pardons within two weeks to seek a pardon for Carelli.

Gardner immediately announced that every effort to prevent Carelli from going free or obtaining commutation of sentence will be made.

Much Interest In Special Services In Croton Church

Good attendance and a splendid interest are outstanding features of the special services conducted each evening this week in Croton Avenue M. E. church by the Epworth League in observance of "Win-My-Chum Week."

This evening the pastor, Rev. T. W. English will speak on "The Friendly Ministry of Jesus." The devotional period will be led by Violet Shuler and a reading will be given by Lydis Bales. Miss Maude and Miss Nellie Zeigler will give a duet number.

The meeting will open at 7:30.

Insurgents Are Against Caucus

Western Insurgents Will Not Serve Party On Caucus Plan

SO DECLARE MEMBERS FROM WESTERN STATE

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, Dec. 2.—The western insurgents in the house never will don the mantle of party regularity if they are forced to abide by the caucus system, members of the Wisconsin delegation announced today.

This answer to intimations of Republican leaders that the insurgents would be restored to committees from which they were expelled if they enter party caucuses, somewhat dimmed the possibilities of the impending senate armistice spreading to the house.

Cooper Makes Statement.

"I will never enter into an agreement to bind myself in advance on a vote," declared Rep. Henry A. Cooper, the venerable dean of the insurgent band.

"Moreover I think that any man who does so violates his oath of office.

"I will enter a conference, and nine times out of ten will agree with the rest. But I will not bind myself to caucus rule."

The insurgents will demand their right to be considered as Republicans but will make no overtures to the majority, it was declared by Rep. James A. Frear, also of Wisconsin. He endorsed the statement of Rep. Cooper.

Meanwhile President Coolidge today assumed the role of peacemaker in an effort to smooth out the latest differences between Republican leaders and the insurgent bloc in the senate.

Confers With Coolidge.

After disrupting previous peace negotiations by an "objectionable" appointment in North Dakota, the president invited Senator Gerald P. Nye, young insurgent, to the White House. They discussed the appointment of Colonel C. F. Mudgett as U. S. marshal in North Dakota.

As Mudgett was named at the solicitation of L. B. Hanna, whom Nye defeated for the Republican nomination in the last primary, the appointment will be bitterly fought by the insurgent bloc.

After conferring with the president this morning Senator Nye declared "the situation is not irremediable."

"I think it can be ironed out satisfactorily," said Nye, leaving the impression that the nomination of Mudgett will be withdrawn, although he did not say so.

"We will oppose the nomination of Mudgett," said the North Dakotan.

Many Delegates At Preachers' Meeting In Nazarene Church

Addresses Dealing With Upbuilding Of Church Work Outstanding Features Of Program

First Church of the Nazarene on West Falls and Beaver streets was filled to capacity at the opening night of the annual Preachers' Meeting and Young People's convention of the Church of the Nazarene, Pittsburgh district.

Many delegates are in attendance from churches throughout the district and more are expected late this afternoon. A number of visitors are present.

The preachers' meeting is in charge of Dr. J. Howard Sloan, superintendent of the district. The song service at the meeting last evening was led by Rev. F. C. Lehman of Barberton, O. A special duet number by Rev. and Mrs. V. W. Littrell of Beatrice, Nebraska, was an added feature of the service.

The message of the evening was delivered by Rev. J. B. Chapman of Kansas City, Mo., who is one of the outstanding speakers at the convention.

The morning session opened today with Rev. Cyrus Heald of Claytonia, Pa., leading the devotionals. A report of the district was given by Dr. J. Howard Sloan. An address, "Developing Our Sunday Schools" was ably presented by Rev. C. Warren Jones of Cleveland, O. Dr. Chapman lectured on, "The Preacher and the Holy Spirit." An address on "Constructive Evangelism," was given by Rev. B. H. Haynie of Akron, O.

This afternoon Rev. F. M. Messenger of Chicago, Ill., gave an excellent lecture. "Store House Tithing," was discussed by Rev. Charles Hanks and "Essentials in Buying and Building," was the theme of Rev. F. G. Strickler's talk.

Rev. J. B. Chapman will preach this evening at 7:30.

Visiting ministers present include Rev. E. O. Chalfant of Chicago, superintendent of Central district, Rev. M. M. Bussey of Vineland, N. J., and Rev. L. J. Rice of Kansas City, Mo.

The convention will continue with three sessions each day this week and will conclude Sunday evening. All the three services on Sunday will be conducted in the Senior High school.

DR. JOHN SNAPE IS VISITOR HERE

Dr. John Snape, of Cleveland, O., former pastor of the First Baptist church of this city, was a visitor in this city this afternoon. He is enroute to Beaver Falls, where he will make an address this evening, and stopped off here to visit some old friends.

Actress Gives Testimony In Breach Of Promise Suit Against Millionaire

(International News Service)

PITTSBURGH, Dec. 2.—On the verge of collapse and with her story frequently interrupted by sobs, Anne Caldwell, New York actress, described from the witness stand in federal court here today events leading up to the breaking of her engagement to marry John W. Hubbard, millionaire shovel manufacturer. She is suing the wealthy Pittsburgh man for $500,000 for alleged breach of promise.

Miss Caldwell was the first witness called today by Attorney Geo. Reed, her counsel. Reed asked her about her work in Atlantic City, where she became engaged to Hubbard in 1922. She told of leaving her position in a modiste shop there at Hubbard's suggestion.

"He told me he was expecting friends during the summer and didn't want me to work" Miss Caldwell testified. "Hubbard told me I didn't have proper training and that he wanted me to go to school in New York."

Miss Caldwell said she took a six months' course in a New York dramatic school at Hubbard's expense. After finishing school she joined a stock company and was given the part of a nun in "The Miracle".

With Hubbard's approval, she went to California in 1924, after severing connections with the stock company, the plaintiff said. There she played minor roles in seven pictures.

Hubbard ceased writing to her after she had been on the coast a month, Miss Caldwell asserted. She said he offered no reason for this.

On her return to the east, the actress met Hubbard in New York, she said, where he repudiated their engagement.

Miss Caldwell suffered a nervous breakdown as a result of the experience which prevented her from obtaining work, she told the jury. She was forced to pawn jewelry Hubbard had given her, she added, identifying a pawn ticket for a $400 loan.

Attorney Reed then directed his questioning to include parties where Hubbard is said to have introduced Miss Caldwell as his fiancee to his friends. She mentioned Gen. W. W. Atterbury, president of the Pennsylvania railroad; Coleman Dupont, New York; a millionaire Chicago inventor whom she identified as Mr. Benson, and a Mr. Galloway of the Baltimore & Ohio railroad, as having been present.

A packed courtroom heard the actress testify. Many persons were attracted to the hearing by Miss Caldwell's sensational testimony during her first appearance on the witness stand when she detailed alleged intimacies with the defendant.

Engineer Dies From Injuries Suffered In Cab

(International News Service)

PITTSBURGH, Dec. 2.—Louis O. Duff, engineer of the Pittsburgh & West Virginia Railroad, who was found unconscious at the throttle of his speeding freight locomotive near Bridgeville, Pa., yesterday, died in a local hospital today from a fractured skull.

Duff was mysteriously injured while at the helm of the engine, and was discovered by a brakeman after he failed to acknowledge signals as the train sped past a block signal.

Railroad officials were at a loss to account for Duff's injury.

Public Schools Close December 17

Little more than two weeks intervenes before the Christmas vacation for the New Castle schools starts. At the last board meeting the closing date for the schools was decided upon as December 17 and the opening date January 3. This means that the students will have the week of December 20 and the week of December 27 as a holiday period.

Man And Wife Are Badly Burned By Gas Explosion

(International News Service)

BRADFORD, Pa., Dec. 2.—Former occupants of a house here into which Walter Johnson and his wife moved yesterday today were indirectly responsible for the couple being in Bradford suffering from burns sustained in an explosion at the home, police said.

Johnson found that gas fixtures had been removed, allowing gas to escape into the rooms, and immediately plugged the pipes. He then aired the house and attempted to light a fire in the kitchen. Gas escaping from a pipe he neglected to plug exploded, causing a fire in which the couple was badly burned.

Possibly the reason why we have so many unsolved murders is that we have them all balled up with "clues".—The Boston Transcript.

Jewelry Stolen, Owners Find It Day Afterwards

(International News Service)

PITTSBURGH, Dec. 2.—Jewelry valued at $10,000, which disappeared from a dresser drawer in the home of Dr. I. A. Murphy, prominent local physician last night was returned today as mysteriously as it was taken.

The jewels were found, wrapped in a newspaper, on the dining room table when Dr. Murphy and his wife sat down for a meal today.

Man Suicides In Unusual Fashion

(International News Service)

BRADFORD, Pa., Dec. 2.—Placing his head in an empty nail keg, around which he wrapped clothing to prevent air from entering, Algot Paulson, aged 30, of Campbelltown, near here, committed suicide by inhaling gas which poured into the keg through a small tube attached to a gas jet at the St. Mary's Gas Company plant, Campbelltown, today.

Fellow workmen found Paulson and the queer death machine too late to frustrate his efforts to end his life.

LIFE'S LITTLE AGONIES

"I don't like a friend to domineer over me," said the young man with the patient disposition.

"Who has been doing that?"

"My roommate. He borrowed my dress suit."

"That's taking liberties."

"I don't mind it, but when he asked for my umbrella I told him I might want to use it myself. But he got it just the same."

"How?"

"He simply said, 'Have your own way; they're your clothes that I'm trying to keep from getting spoiled, not mine'."

PAY DAYS FOR RAILROAD MEN

Large Sum To Be Paid To Emplayes Here Before Christmas— News Of 7th Ward

Railroaders of the seventh ward are much interested at this period in several especial dates.

On the Pennsylvania railroad there are two pay days before Christmas, on December 8 and 23. The latter one runs very close to the great day and there will not be time for much shopping.

On the Baltimore & Ohio railroad there is just one pay day prior to Christmas, December 13. But then the last pay day was November 28, and they will have another following Christmas on December 28. Unless they pay a few days early to make it before Christmas.

On the Pittsburgh & Lake Erie railroad there will be two pay days, one on December 9 and one not later than December 23. This is paying before Christmas as pay day does not fall until a few days later.

TEACHERS MEETING

A meeting of the teachers and officers of the Madison Avenue Christian church Bible school was held Wednesday evening preceding prayer service in the church. This was just a monthly meeting and regular business of the Bible school was discussed. No special plans were made during the meeting.

Pile Sufferers

Can You Answer These Questions?

Do you know why ointments do not give you quick and lasting relief?

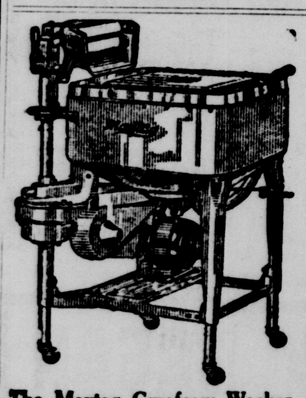

Why cutting and operations fail?

Do you know the cause of piles is internal?

That there is a stagnation of blood in the lower bowel?

Do you know that there is a harmless internal remedy discovered by Dr. Leonhardt and known as HEM-ROID, now sold by McKee's Kut Rate Store and Eckerd's of New Castle, Inc., and druggists everywhere, that is guaranteed?

HEM-ROID banishes piles by removing the cause, by freeing blood circulation in the lower bowel. This simple home treatment has an almost unbelievable record for sure, safe and lasting relief to thousands of pile sick sufferers, and saves the needless pain and expense of an operation. Don't delay. Try HEM-ROID today. It will do the same for you.

Call On Senate To Investigate Southern Vote

Nebraskan Demands Senate Inquiry Committee Probe Southern Elections

PLAN TO INVADE SOLID SOUTH

Arkansas, Lousiana, Alabama, Florida, Carolinas And Georgia Under Fire

(International News Service)

WASHINGTON, Dec. 2.—The national political controversy over senatorial campaigns invaded the solid south for the first time today when the senate was called upon to initiate federal inquiries into the recent elections in Arkansas, Louisiana, Alabama, Florida, South Carolina, North Carolina and Georgia.

Sending the same appeal to every member of the senate, Thomas M. C. Birmingham of Burkett, Neb., demanded the inquiries on the ground that a representative form of government was denied the voters of these states through the exclusion of negroes from suffrage. He referred to the southern elections as "shotgun" government.

In the states where Birmingham demanded inquiries, Senators Caraway of Arkansas, Broussard of Louisiana, Fletcher of Florida, Smith of South Carolina, Overman of North Carolina and George of Georgia, with Senator-elect Black of Alabama were elected in November virtually without opposition. All are Democrats.

Copies of Birmingham's appeal have been received by every member of the senate slush fund committee. No action will be taken, however, until Senator Reed (D) of Missouri, chairman, returns to the capitol sometime next week.

Rev. Mark Smith At City Mission

Rev. Mark Smith, who is conducting the services at the city mission, 17 S. Mercer street, this week will preach Friday, Saturday and Sunday evenin, service beginning at 7:30. Everyone is invited to attend these services. Rev. Smith's messages this week have proved very interesting and helpful to those who attended.

Tonight the usual Bible class study will be held with Frank Geiger teaching, the lesson being taken from the second chapter of Luke. Everyone is welcome to attend this class and would find it a great convenience if they would bring their Bible with them.

Man Sentenced For Killing Fawn Deer

(International News Service)

EBENSBURG, Pa., Dec. 2.—Open season on deer will have been over for many months by the time Ralph Edmiston, of Blandsburg, is given his liberty here.

Edmiston pleaded guilty to killing a fawn deer and was sentenced to serve 515 days in jail. Five charges were lodged against Edmiston for shooting the fawn, and he pleaded guilty to each.

Her exhibitions include woodcuts, drawings and bas reliefs beside sculpture in bronze, marble, terra cotta, pewter and cement.

Insurgents Seek Farm Relief Vote

(International News Service)

CHICAGO, Dec. 2.—Republican insurgents will force an extra session to consider farm relief before allowing appropriation bills to be acted upon, Senator Brookhart, (R.) of Iowa, indicated today.

"We hope to have an extra session declared and I wish to have it considered before appropriation bills" said Brookhart, who, with other insurgents now holds the balance of power in the senate.

Not Many Persons Taking Drivers Exams

A big decrease in the number of persons desiring to operate automobiles has been noted in the past few examinations according to members of the state highway patrol.

"There are not nearly as many persons appearing for examination now as during examinations of a few weeks ago" said a member of the patrol today.

Cold weather is the cause he explained.

Deer Hunters Out In Force As Snow Makes Good Hunting

(International News Service)

BELLEFONTE, Pa., Dec. 2.—Delighted by a light fall of snow which made possible the tracking of deer, thousands of hunters in this region were out early today in quest of deer.

Center county hunters shot more than 100 deer on the opening day of the deer season which was dark and altogether unfavorable for the sport, and benefitting by the overnight snow they hope to make an even better showing today.

Clearfield, Elk, Cameron, Potter and Venango county hunters reported an abundance of deer the first day out. Thus far no casualties among deer hunters have been reported.

Homer City Fire Damage Is $20,000

(International News Service)

BLAIRSVILLE, Pa., Dec. 2.—Fire which threatened a row of houses at Homer City, near here, early today destroyed a two-story garage owned by J. A. Love, and five automobiles stored in the building, with damage estimated at more than $20,000.

Volunteers, assisted by firemen from Blairsville and Indiana, pushed five automobiles out of the burning structure, and helped prevent spread of the flames to nearby houses, one of which was slightly damaged before the flames could be checked.

Firemen were handicapped by lack of water supply, and were forced to rely upon bucket brigades.

Good Will Dinner Well Attended

President Zander Of Thiel College Delivers Fine Address

ELLWOOD CITY, Pa., Dec. 2.—One hundred and fifty people attended the Good Will dinner which took place last evening in the dining room of the Trinity Lutheran church. The dinner was cooked and served by the ladies of the church and was a most delectable repast.

P. W. Blocher acted as Master of Ceremonies and led the singing. Louis Round of New Castle entertained with several vocal selections of Scotch songs. L. J. Baker, pastor of the Lutheran church, delivered a brief speech introducing the main speaker of the evening: Prof. E. Clyde Zander, president of Thiel College, Greenville, Pa. The topic of his address was, "Good Things out of Life," opening his talk with a question "What is the thing of most value in life?" going on to elaborate that the thing you hold most dear is what you worship. "In everyday life," went on Dr. Zander, "We pay so much attention to that which is good, that we let much that is superior pass by." Prof. Zander's address contained some sound facts of life and showed deep thought.

Decorations were extensively carried out in Christmas colors, with Adam Dambach chairman of the committee of affairs.

Scout Leaders Meet For Important Work

Scout Leaders To Have Dinner-Meet With Special Speakers On January 5

ELLWOOD CITY, Dec. 2.—At an important meeting of the Ellwood City scout leaders' council, which took place last evening in the Chamber of Commerce rooms, many important matters were decided.

The purpose of this organization is to promote scout leadership in Ellwood City and to enable all leaders to discuss freely problems of mutual benefit. The meeting last night was conducted by the president and with preliminary matters dispensed with, the meeting was thrown open for discussion of problems of troop programs, patrol supervision, troop progress, winding up wtih a discussion led by F. E. Poister, assistant scout executive, regarding the court of honor which will take place in Ellwood City on December 9, and also the round-up which will be observed in New Castle December 10.

The leaders further decided to have the next meeting of the council in the form of a dinner meeting with special speakers. The committee in charge of this phase will decide the place of meeting which will occur on January 5.

Four honorary members were voted into the council—W. A. Kerr, local scout commissioner; G. W. Griffith, presiding local commissioner; J. W. Offutt, vice president of the county council, and C. A. Martin, who is also vice president of the council.

The leaders also decided that the scout leaders' council and scout leaders' training school should meet jointly hereafter. The scout training course is operated for scout leaders, prospective scout leaders and all troop committeemen.

In concluding the meeting President Grandey appointed the following committees:

Eentertainment—P. L. Uber, chairman: Dr. H. B. Anderson, R. J. Hawke and Jessie Morrison.

Transportation—C. H. Smith, chairman: Frank Zeigler and Dr. L. O. Ullom.

Program—Joe Gettig, chairman: Jud Leibendoffer, Tony Pasta and Charles Rabberman.

These committees will act on any meetings or important ceremonies to be held in the future scout activities.

Ogden Mills To Succeed Winston In U. S. Treasury

(International News Service)

WASHINGTON, Dec. 2.—Secretary of the Treasury Mellon announced officially today that Under Secretary Garrad B. Winston would be succeeded by Representative Ogden Mills (R) of New York, who was defeated for Governor by Al Smith.

Winston has not yet resigned, but will retire as soon as it is possible for Mills to leave his congressional duties. Winston will practice law in Chicago.

Asked concerning his own plans, Mellon indicates that so far as he knows now he will remain in the cabinet until the end of the administration.

Jokingly, Mellon remarked that he might even be found in the cabinet of another administration. He is 71 years old.

Clearfield County Warrant Served On Charles E. Knapp

(International News Service)

PITTSBURGH, Dec. 2.—A blank fugitive's warrant from Clearfield county was served today on Charles E. Knapp, central figure in the Brotherhood Savings and Trust Co., swindle here in which $320,000 disappeared on October 15, last.

Clearfield county authorities want Knapp in connection with charges preferred by a manufacturer at Clearfield who alleged Knapp swindled him out of $7,000.

Service of the warrant was a formality, giving notice that Clearfield authorities want Knapp as soon as he has answered to the Allegheny county courts.

Four Thugs Loot Railroad Station

(International News Service)

PATCHOGUE, N. Y., Dec. 2.—Four bandits early today partly wrecked the Long Island railroad station here by blowing open the safe with dynamite. Residents for blocks around were startled by the explosion, but before anyone arrived the yeggs had taken the contents of the safe and escaped. The amount of the robbery is not yet known.

The four bound and gagged Thomas Greene, a cleaner.

Keep Hair Tidy, Keep It Curly
By Edna Wallace Hopper
Summer and winter my hair is ever curly. It is tidy, but fluffy. It has a glow. Yet I never visit a hairdresser, never have a Marcel wave.
Those results are due to a hair dress which great experts made especially for me. I apply it twice a week. It doubles the beauty of my hair in an hour. And that wave and sheen remain.
Now you can obtain the same product. All toilet counters supply it as Edna Wallace Hopper's Wave and Sheen. The price is 75c. My guarantee comes with each bottle, so you take no risk.
This is a delight—one of the best things I ever found for women, especially those with bobbed hair. In summer it is essential. Go try it now.

PETERS ADVENTURES IN ANIMAL LAND

BY Florence Smith Vincent

ON WITH THE FEAST

"'Neeee!'" whinnied the horse. 'Fire! And from two sticks. Truly the two-legs work magic, friend dog. Eeeeee! The flames—they are rising higher. The heat—my nose grows warm. I like it not. The smoke reminds me of unpleasant things—of forest fires and great danger to my people. Is it safe to linger here? Will not these flames lick at the grass? Will not sparks fly upward to set the trees ablaze?'

"'No, foolish one,' barked Wander. 'Wow! Take care, wild horse! Almost you stepped upon my paw. Stand still, do, like a good fellow! And do not tremble so, for there is nothing of which to be afraid. All two-legs are wise, and my master the wisest of them all. Listen, wild horse! What the two-legs make they can control. Look! There is a man who pushes the sticks in place. The fire is where it ought to be, and there it will stay. It can do you nor me no harm.'

"'But what do the two-legs do with fire?' demanded Beauty, his eyes wide with amazement. 'The sun is bright. The breezes are warm. Are the two-legs weaklings that they fear the cool of evening?'

"Wander made a funny sound deep down in his throat. He was laughing, dog fashion.

"'Beautiful you are, wild horse, but truly you are very stupid. For warmth the two-legs have no need of fire. Did you not hear our master say, "Now for the feast?" Over that fire there will soon be cooked things so good to eat that even to sniff them will make our teeth water. See, yonder comes our mistress, and I know what is in that kettle she carries.'

"'What?' demanded the horse.

"'Broth!' barked Wander. 'Broth seasoned to a dog's taste. Woof! Master is bearing in his arms a fat pig. Now, when did he catch that, I wonder? And behind him comes one carrying fruits from the trees. Ho! What is in that pot?'

"Wander trotted over to sniff at a stone jar that a man had but just set down.

"'Hey, be off with you!' cried the man, and Wander hurried to obey, but not before he had satisfied his curiosity.

"'In yonder pot is honey!' he told Black Beauty. And at this news Black Beauty smacked his lips. Here was a dish he would relish."

Next: "The Fat's in the Fire!"

The RIM of The LIMELIGHT

MUTE'S SIGNS BREAK UP DANCE.

CHICAGO. — Signalling alleged unpleasant names at one of his companions at a dance given for 250 of the city's deaf mutes, one of the number started a fist fight that broke up the party and caused his own arraignment later on a disorderly conduct charge. He is said to have called another deaf mute ugly names, broadcasting them in such a manner that they were apparent to a number of those present. Those who "saw" the imprecations were called to be the principal witnesses in the case.

WILSON'S PECULIAR PROBLEM

WASHINGTON—William B. Wilson, secretary of labor in President Wilson's cabinet, and defeated Democratic candidate in the recent Pennsylvania Senatorial election, has arrived here to begin the preliminary steps in contesting the election of William S. Vare, the successful Republican candidate.

Mr. Wilson faces a peculiar problem. Under the election law of Pennsylvania the records of one election must be destroyed before another is held. As these records are essential to his case he is seeking some method to impound them before the next state election in November, 1927. Unless a special session of the Senate is called Mr. Wilson will not be able to present his case to the senate before that body meets, in December 1927.

BEAR KILLS MATE

BUFFALO — For 14 years Big Bill and his brother Ted, brown bears at the Buffalo zoo, lived in their cell at Delaware park, slept together and ate together with no more than the ordinary signs of brotherly conflict. Now Ted is dead and Big Bill, while nursing numerous wounds, shambles defiantly about the enclosure. He killed his brother in a desperate battle before dawn while only the other bear inhabitants of the zoo looked on. Whenever the two have quarreled before employes would break up the fight with a stream of cold water. This time, however, Big Bill waited and there was no one to halt the battle.

The flapper usually can tell a single man from a married one. The single man isn't so darn fresh.

WALKER-FLOWERS MATCHED FOR TITLE BOUT

Ex-Champion Faces Ordeal

Walker May Surprise Public And Take Middleweight Crown

KEARNS JOCKEYS WALKER INTO BOUT

BY DAVIS J. WALSH
Sports Editor International News Service

NEW YORK, Dec. 2—In mid-Victorian fiction, it was the last chip, flung desperately in the pot, that changed everything, including some of the proprietor's very best bank notes; made a new man of the boy friend and lifted the mortgage on the old blacksmith shop. But we deal not with the late eighties but with modern Chicago where men are marksmen.

And so it may be that the latest bid of Jack Kearns and Mickey Walker for the fame they once knew is fated to be their last. There is an old gambling axiom that you never win when you need it.

Walker, said to have thrown off some of his premature age, will meet Tiger Flowers, the colored gentleman from Georgia, in the Chicago Coliseum on Friday night in a 10-round bout for the title.

There is a lesson in human fallibility somewhere in this proposition. Two years ago, Kearns had everything, including the world's heavyweight champion and one of the most popular boxers the welterweight championship has known. A turn of the wheel and all was gone.

Dempsey Departs.

Dempsey married, turned on his superior heel and left Kearns standing with his hat in his hand. Walker tried to win the middleweight title from Harry Greb, took a beating and then survived the Dave Shade issue only because the judges pulled one out of the hat. Early last summer, he blew the welterweight title to Pete Latzo and in trying a comeback, was stopped by Joe Dundee.

Kearns, now, only had a shouting privilege with Dempsey and an ex-champion who couldn't win. It was a question which was of less value to him.

However, Walker was young and his dissipations were not serious, except for a piping rock exterior that included a comedian's vest. There still was a chance for the young man to see the error of his ways and perhaps Kearns has made the most of it.

Anyhow, the writer will say this for him: Few managers, past or present, could have jockeyed an ex-champion into a title match in another class within six months of his official decapitation, as Keans has done with Walker. Say what you will, Jack Kearns can talk his way in anywhere and out again if he doesn't like it.

Just how much he may have done in reclaiming some of Walker's lost ability will be answered tomorrow night. Mickey got the match by smacking Shuffle Callahan down, which is being done by our best people, and men whose judgment is above reproach have informed me that he stands an excellent chance of winning from Flowers. That may or may not be.

Flowers is neither the best nor the worst champion who ever held the middleweight title. He is hard to beat and probably is in better condition than he was last year. If Walker is right, it will be a great fight. If he isn't, it will be nothing of the kind.

No Change In Choices

Lassman Passes Stewart And Sprague Goes To Second Team

For All-American Team

By ED. FRITZ.

Sprague, right tackle on the Army eleven and Lassman, New York University right guard, produced the big surprises in yesterday's vote to reveal a real All-American first and second teams.

For instance when the first day's vote had been counted no one would have suspected that Sprague had ever played football. His name could not be located among the bundle tumbled into our mail basket.

Evidently the boys who have followed West Point and its gold-braided sons were hunting, for rabbits or football dope because they came to life Wednesday and as a result Sprague is now holding a berth on the second team.

Lassman of New York U., tied with Stewart of Harvard for right guard honors on the second team, received a shove forward when a bundle of votes arrived for him and as a result Stewart is trailing Lassman.

It is peculiar but nevertheless true that very few of the lads mentioned for second team honors in Wednesday's News made appreciable gains up to the time the vote was tabulated last night.

Players mentioned for All-American honors, continued to hit a fast clip but are in hot pursuit of the favorite for quarterback honors, Benny Friedman, that expert toe-smith from Michigan.

If popularity for a position evidenced so far, Mr. Friedman is in. He is far ahead of Harpster of Carnegie Tech for the signal calling angle of the game which has kept millions of fans on their toes this fall.

Hess, Ohio State guard, is only one vote behind Benny. This has a peculiar angle, too as Ohio State and Michigan waged a great battle this fall. Michigan and Ohio State teams get a "big play" in the vicinity of New Castle.

Joesting, fullback, Minnesota; Wickhorst, right tackle, Navy; Boeringer, center, Notre Dame, and Oosterbaan, left end, Army, are far ahead of their competitors for first team honors.

In plain words, the second team race, so far as Baer and Stewart are concerned, is a plain Lawrence county election. Taking Tuesday's vote as a "primary" they were in but Wednesday's vote, said they were out.

But this is politics of football. Fans of New Castle and Lawrence county are going to the polls again today, Friday and Saturday and the result will not be known here until Monday.

Here's the form. Fill it in, then mail to the writer.

Seems to Be Universal Choice for All-American Team

Benny Friedman, Michigan captain, quarterback, field general and goal kicker de luxe, seems to be one man who is a universal choice for All-American honors. A great majority of the local readers participating in the nation-wide poll to pick a REAL ALL-AMERICAN eleven, name him for the quarter berth.

Bridenbaugh Without Knowledge Of Grove City College Offer

By "BUGS" WALTHER.

"I have not been approached and I know nothing of the report that Grove City college officials are ready to sign me up as football coach for next year" was the substance of an interview granted the writer by Coach Phil H. Bridenbaugh on the possibilities of his accepting such an offer from the Crimson school.

With Charley Bowser, former Pitt star signed up as assistant to Coach Jock Sutherland for next near Grove City finds itself without a mentor. Ever since it became known at Grove City that Bowser would not be back for the 1927 season, the officials have kept the wires hot with tempting offers to well known coaches both in high schools and colleges in an attempt to sign the caliber of man who could lead the Grove City squad next year to another championship. Bowser had a successful term at Grove City winning two tri-state college titles in three years of competition.

"Grove City made me an offer two years ago which I turned down" said Bridenbaugh. "I have heard nothing from them since that time and the first intimation that I was a possible candidate for the berth made vacant by Bowser came through the papers on Wednesday."

Coach Bridenbaugh is signed to a New Castle contract for another year. There is every indication that the popular coach will remain in this city. Bridenbaugh came to New Castle from Geneva college, ad has turned out winning teams here since his inauguration.

Lincolns Take 33-22 Victory

Local Junior Combination Snatch Fast Game From Butler Spaid's

The Lincoln Five, junior champions of Lawrence county in 1925 won their initial floor game of the season on Wednesday night at the Y. M. C. A. by toppling the fast Butler Spaide's team 33 to 22.

Uhle started the ball rolling for the locals after the first few minutes of play by dropping a foul and then a field goal, and Jones followed up with another field marker that gave the locals a slight lead. The visitors came from behind in the closing moments of the first quarter to lead 10-9. Playing in the second quarter was about even with the score deadlocked at 14-14 as the half ended.

At the start of the second half Coach Frazier switched his lineup and replaced Gennock with Nocera at forward. The Lincolns soon took the lead and held it throughout the game. Nocera was the outstanding star of the game with five baskets and a foul for a total of 11 points.

Uhle and Cuba ran Nocera a close race for scoring honors. Jones, Kirker and Baptiste put up a fine defensive game for the locals.

Cavellero, Trecasse and Brown played well for the Butler team.

The lineup:

Lincoln Five 33		Spaide's 22
Cuba	F	Brown
Gennock	F	Cavellero
Uhle	C	Baker
C. Jones	G	Daganelli
Baptiste	G	Trecasse

Subs:—Nocera for Gennock, Kirker for Cuba, Cuba for Nocera, Mariacher for Kirker, VanFossan for Uhle, Paganelli for Baker, Dufford for Paganelli.

Field Goals:—Nocera 5, Uhle 3, Cuba 2, Jones, Kirker, Cavellero 4, Trecasse 2, Paganelli.

Fouls—Uhle 4 out of 5, Cuba 2 out of 4, C. Jones 1 out of 4, Baptiste 0 out of 4, Nocera 1 out of 3, Kirker 1 out of 2, Gennock 0 out of 1, Cavellero 4 out of 5, Brown 3 out of 5, Paganelli 1 out of 2, Trecasse 0 out of 1. Lincolns — 9 out of 23, Butler—8 out of 13.

Referee—Sam Richards.
Timer—Solomon.
Scorer—Dan Eardley.

Former New Castle High Floor Stars On College Teams

Many former New Castle high girl stars are out for college teams this year, a poll of the graduates reveals.

The Louden twins, Mary and Sara are entered at Slippery Rock Normal this year and are out for the floor team. Miss Ruth Lewis, former star center at New Castle High matriculated at Westminster and will more than likely become a candidate for the Blue and White team.

Miss Pauline Wolfe guard on the 1925 girls team at New Castle High is out for basketball at Thiel colege. Miss Sara McGoun, former star forward is back in school at New Haven, Conn., and will more than likely make the varsity team in her institution. Miss McGoun was one of the star performers in her first year at college basketball.

Checker Players To Meet Friday

Walter E. Kirker, physical director of the Y. M. C. A. announced today that all men interested in checkers meet at the Y. M. C. A. on Friday night at 8 o'clock. Plans for the coming winter campaign will be outlined at the meeting.

The following checker players from the last year's tourney are asked to report on Friday: Otto, Clark, Herbert, Thomas, Spicer, Reynolds, Houston, Frank Kirker and any others who care to enlist in the checker club.

"A tournament similar to the one staged in 1925 will be attempted this year," said Kirker.

Tiger Flowers May Get Match With Delaney

(International News Service)

CHICAGO, Dec. 2.—Tiger Flowers, middleweight champion of the world, will go after the light heavyweight title held by Jack Delaney, providing Flowers is successful in his middleweight clash with Mickey Walker at the Coliseum here tomorrow night.

This was disclosed today by Walk Miller, Flowers' manager, who believed a victory over Walker will have eliminated the last outstanding middleweight and that the Georgia Deacon will then be ready to seek new laurels in a heavier division.

The Flowers-Walker affair tomorrow night is arousing more interest than any previous bout staged here since the rebirth of legalized boxing in Illinois. The advance sale of tickets, approximating 60,000, augurs a complete sellout.

The four principal football games to be played by Columbia University next season will be with Cornell, Pennsylvania, Syracuse and Colgate, the last-named being a newcomer on the gridiron schedule of the Blue and White.

Senior Girls Must Know Basketball

All Are Required To Learn Fundamentals Of Game At Senior High School

"Every girl a basketball player," is the aim and slogan of Miss Ruth Boyd, physical directress and basketball coach at the Senior High school.

Miss Boyd has given orders that every girl in the school shall be required to learn the fundamentals of the floor game. Basketball has been introduced to the girls of the school through their various gym classes. It is not the intention of Miss Boyd that the girls shall know all of the major details of the game, but it is the idea that they should be required to learn the minor details.

Through the orders recently issued by Miss Boyd the girls are taking more of an interest in the floor game. The class teams are already at practice and a wealth of material is available due to the recent ruling.

Miss Boyd is teaching basketball and also has charge of all the physical education work at the Senior High school.

The various class teams this year will be coached by members of the varsity team and also by a few girls who were former High stars. There will be six class teams as follows: Senior A and B, Junior A and B, Sophomore A and B. The following girls will have charge of the teams. Senior A—Miss Galbreath; Senior B—Twila Kaufman; Junior A—Ilona Patterson; Junior B—Miss Rhoda Leslie; Sophomore A—Jennie Wygonowski; Sophomore B—Gertrude Wolf.

Wrestlers To Have Meeting

In an effort to revive the wrestling game in New Castle, Walter E. Kirker physical director of the Y. M. C. A. has called a meeting of all wrestlers in the city to meet in the "Y" tonight at 8:30 o'clock.

Wrestling here has been a dead issue for the past several years, but it is believed that there is enough interest to warrant a meeting.

The meeting tonight is open to all wrestlers of the city who care to attend, also for any who care to learn the game.

Kirker was fortunate in securing "Micky" Kirk former Penn State mat star to coach the wrestlers. Kirk has promised to devote some time to the game if enough young men show the necessary interest.

Tex Rickard has promoted nearly every heavyweight championship match since the Johnson-Jeffries fight at Reno, Nev., in 1910

Sixteen Girls Try For Positions On Varsity Sextet

New Castle High Girls Under Coach Boyd Practice Daily At Senior High

Sixteen candidates for the Girls varsity team at New Casetle High are working out daily in the Senior High gym. The squad is coached by Miss Ruth Boyd. Practices have been in session for the past three weeks and they will continue until the season swings open next month.

The 16 girls who are trying for positions this year are as follows: Captain Ilona Patterson, Isabel Regna, Anna Ponion, Pauline Graham, Helen Hart, Twila Kaufman, Gertrude Wolfe, Jennie Wygonowski, Grace Haines, Ruth Patton, Margaret Plattner, Arabella Cobau, Virginia Clark, Alene Kerr, Isabel Craig and Elizabeth Young. "Of this number six of the girls will be dropped and a squad of ten carried throughout the year" said Miss Boyd.

Cincinnati Reds Purchase Columbus Association Team

(International News Service)

COLUMBUS, O., Dec. 2.—Purchase of the Columbus club of the American Association by the Cincinnati Red owners, for a price reported to be $200,000, was believed being finally consummated at a conference of owners of the two organizations here Wednesday afternoon.

Garry Hermann, one of the Red owners, declared that "nothing was ready for publication yet," as the magnates went into conference.

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

OFFICIALS of the Cincinnati baseball club have decided to make a definite offer to purchase the Columbus franchise in the American Association. The decision was reached yesterday when they held a conference with Joseph F. Carr, president of the Columbus club. Cincinnati wants Columbus as a baseball farm. It is believed that $200,000 may swing the deal.

RAY Pierotti of Meadville has been named basketball coach of Thiel College, it was disclosed by Paul Christman, former Thiel star, who directed the Lutheran five last year. The new coach was a member of the Duquesne basketball team from 1911 to 1915, serving as captain during the last year.

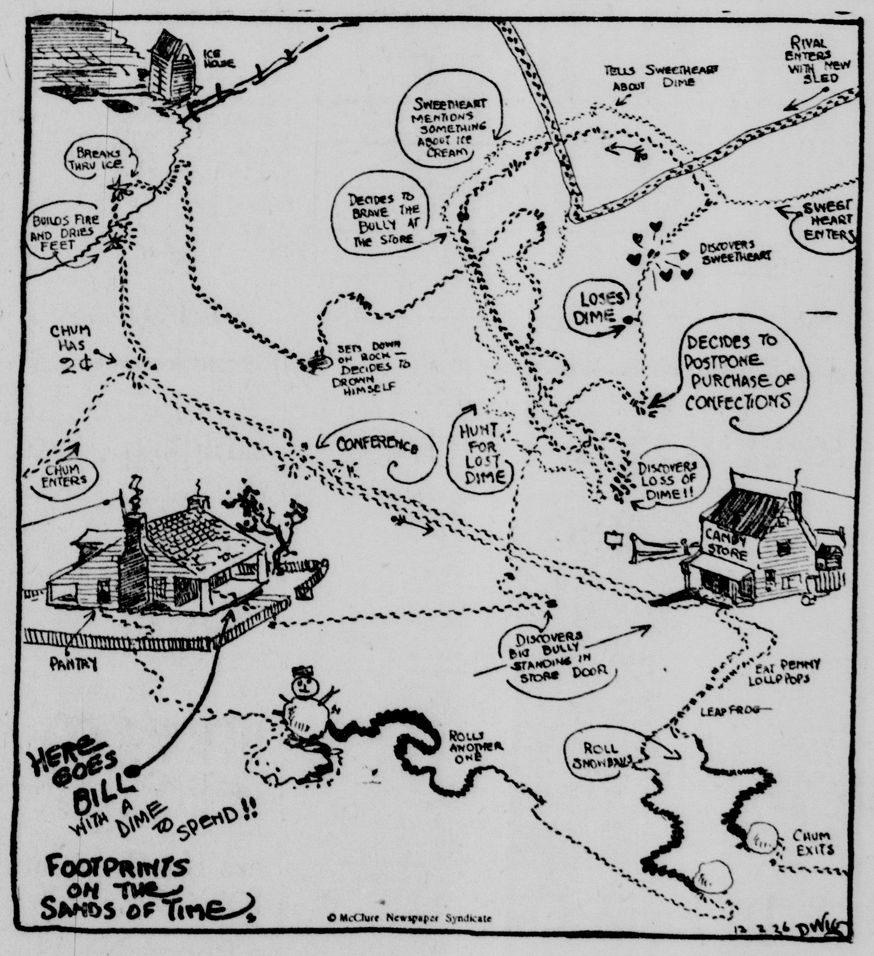

TEX Rickard characterizes the allegation that Jack Dempsey was poisoned on the eve of the Philadelphia fight as "bunk". Rickard says that the former champion told him there was nothing to the rumor and that Jack said: "I was beaten by a better man." However, Captain Charles Mabbutt, in charge of Dempsey's camp, said he was, and that the poison was put in cream.

GARDA of Beaver Falls High was ineligible to play football, according to a committee of W. P. I. A. L., which heard Rochester's protest, which alleged that he did not attend school last semester and would not be eligible to play until next December. Beaver Falls misinterpreted the ruling and allowed Garda to take part in most of Beaver Falls' contests. Har-Back and Beaver Falls will play at Reeves field, Geneva College, Saturday.

Junior Girls To Have Fast Team In Class League

Miss Rhoda Leslie Former New Castle High Star To Coach Class Team

The Junior B. team of the Girls' Class League at the Senior High will be a fast combination, according to present dope. Twenty-three candidates, under the tutelage of Coach Rhoda Leslie, are working out daily in preparation for the coming floor season.

The Girls' League this year will contain six teams, as follows: Senior A. and B., and Sophomore A. and B. Heretofore the league has contained three teams.

The following girls are candidates for the Junior team: Anna Marie Black, Fay Turk, Wilda Wellar, Florence Williams, Anna Warso, Phoebe Dufford, Verna Hanlon, Doris Evans, Elizabeth Maxwell, Tressie Lombardo, Edith Lennox, Bessie Kulkin, Ruth Miller, Liana Neiman, Marian Phipps, Virginia Colley, Florence Mitchell, Virginia Davies, Margaret Smith, Grace Cummings, Gladys Blair, Esther Ferree and Esther Lehto.

The girls staged a practice session on Wednesday afternoon at the Senior High school. The league season will open the early part of January.

Mercer High Squad Prepares For Season

(Special To The News)

MERCER, Pa., Dec. 2.—Fifteen boys of Mercer high are working out daily in the Kimberly gymnasium under Coach Stanley Patterson prefacing the opening of the basketball season for the school on December 17 when they play Fredonia on their floor.

Patterson makes no predictions as to how good his team will be beyond the promise to local fans that if hard work and consistent effort will make a winning five Mercer will be well represented in the court game.

The following is the home schedule announced as carded to date: Sharon high December 31, West Middlesex on January 7, Grove City on January 25, Greenville on February 11, Fredonia on February 15, Sharpsville on February 18, Sandy Lake on March 4, Stoneboro on March 15.

The games away include that at Fredonia, Sandy Lake January 4, Grove City January 11, Sharpsville January 14, Stonebore January 18, Greenville January 22, West Middlesex February 4.

It is said that other games for the five will be carded in addition to those already noted here.

Although its written records come back more than a thousand years, it is only within the last few decades that skiing has won a place among the popular winter sports in northern Europe and in North America. Even in Norway, skis have been used from the earliest times, the sport was not organized until 1883, when the Norwegian Ski Association came into existence.

Brothers In Football — By Feg Murray

Copyright, 1926, by Metropolitan Newspaper Service

The fact that Charles Born and A. S. Born of Wisconsin were members of rival football squads last Saturday when the Army met the Navy on Soldiers' field in Chicago was interesting, but not very unusual. Brother has opposed brother in a football game many times before Charlie and A. S. Born became literally "brothers in arms" in the annual service classic. Born of the Army is one of the best ends in the country, while Born of the Navy is a guard and a good one too.

The sports writers of the east had a wonderful opportunity in 1919 and 1920, when "Tim" Callahan of Yale and "Mike" Callahan of Princeton met in the annual Tiger-Bulldog batties. The Callahans both played center in 1919, and both were captains of their respective teams in 1920. "Tim" was placed on Walter Camp's 1920 all-America team as guard.

In 1921 and '22, "Red" Barron of Georgia Tech was the most feared backfield man in the south. Now his younger brother is carrying on in his place, and starring as a halfback for the same school. Red Grange has a younger brother—"Pinky" some call him, but not to his face. Red feels sure that although "Pink" is not in school now, he will go back to continue his studies at Illinois and carry on where Red left off.

But the most famous family of football brothers of all is the Poe tribe of Princeton. Seven Poes in all played for Old Nassau—John Prentiss Poe, '54, the father, and six sons. This famous Maryland family bears the most illustrious name in all Princeton's football history. Johnson, Edgar Allen, Arthur, Nelson, Johnny and Gresham were the boys' names, and each one was a star. Art was probably the most famous, as he won two games from Yale single-handed. Johnny, a quarterback, was killed in the great war.

The Thomases of Chicago and the Kreuzes of Penn and Wisconsin have won gridiron fame in recent years, as well as many others. Last year both the Brown and Harvard teams had twins in their lines while this year's Boston college team boasts three sets of twins!

Feg Murray Says—

Said one member of the correspondence school football team to another: "I got put out of the game for fouling."

"How come?"

"I sent a letter to the referee containing a punch in the nose."

"Oh, I see. The mailed fist."

Tech Fails To Schedule Game

(International News Service)

PITTSBURGH, Pa., Dec. 2.—Hopes for a football game between Northwestern University and Carnegie Tech in 1927, went glimmering today with the announcement that negotiations with the midwestern school were definitely at an end.

The date of Nov. 12, originally scheduled for the West Virginia game, and later held open for negotiations with Northwestern, will be the date of the Mountaineer game as first planned, Clarence Overend, Tartain graduate manager, said.

"Tad" Jones, the Yale football coach, plans to attend the game at Los Angeles on December 4 between the University of Southern California, of which his brother, Howard, is coach, and Knute Rockne's battlers from Notre Dame.

N. Y. STOCKS

(International News Service)

NEW YORK, Dec. 2.—Moderate advances in the specialty stocks and a few of the industrials and oils featured the early trading in the stock market today. Atlantic Refining jumped an additional 3 points to 112½.

The call loan rate of 5 per cent was a fractional improvement over yesterday's opening rate.

Allied Chemical advanced briskly in heavy trading to 144. Industrial Alcohol, General Asphalt, Corn Products and Westinghouse were firm. The move in oil stocks gained momentum in the second hour, when buying demand appeared for producers and refiners, Skelly, Pure Oil, Simms and Phillips.

Motor stocks were slightly reactionary and industrials inactive in this period, while only a small number of the "dividend rails" appeared on the tape.

Picked To Lead 600,000 Youths

WASHINGTON, Dec. 2.—Twenty-year-old Kenneth Hinshow of Golden Bale, Wash., has been designated the most outstanding leader of the country's 600,000 farm boys' and girls' club members, and awarded the Moses leadership trophy for this year. John Visny, Bethel, Conn., won second place, and Arlington Eddy, Wessington Springs, S. D., third.

The trophy, given by Horace A. Moses of Springfield, Mass., is awarded to the boy or girl, belonging to the clubs conducted co-operatively by the department of agriculture and state agricultural colleges, who has given evidence of greatest leadership.

To Probe Cause For Attempt To Remove Troop

Chamber Of Commerce Takes Step In Matter—Other Projects Up

With a view to investigating the reasons for the removal of Troop A from New Castle, and also to make an attempt to hold the organization here, the Chamber of Commerce directors today appointed a committee of three to conduct such an investigation.

The committee consists of Robert J. Tully, chairman, L. B. Round and J. A. Appleton. They will make such investigation as is possible and possibly call a meeting of citizens.

The action was taken at the noon meeting held today. Following the courteous action of the Ellwood City Chamber of Commerce, endorsing Fred L. Rentz, president of the New Castle chamber for a place on the state board of directors, the local board endorsed their president for the honor.

The Perry Highway project which is getting under way at the present time, was heartily endorsed by the board.

In the matter of street decorations for the Christmas season the directors voted to endorse the idea of greens and lights on the streets during that time.

Believe Home Of Ancient Mayas Is Found In Oregon

Exclusive Central Press Dispatch to New Castle News.

SEATTLE, Dec. 2.—Discovery of a literal mountain of jade in eastern Oregon, the first deposit of this precious stone found on the North American continent, has led to the interesting theory that this region was the original birthplace of the Mayas, strange, cultured prehistoric race who built large cities and flourished in Yucatan before the birth of Christ.

Buried Yucatan cities of the vanished Mayas are found upon excavation to be lavishly supplied with beautiful articles of jade, carvings and ornaments.

Since no jade source ever has been discovered nearby, or anywhere, indeed, on the whole North American continent, science long has been puzzled as to the origin of this fantastic people of antiquity. China being the world's principal jade producer, one theory held was that the Mayas migrated to Yucatan from the Orient when the world was young and Asia and North America were still joined together by a large arm of land far to the northward.

Maximilian Joseph Reusz, Seattle geologist, chemist and student of archaeology, is responsible for both the Oregon jade discovery and the new Mayan theory.

One estimate places at $500,000 the value of the Oregon jade quarry, which is on the banks of Shirttail creek, in Baker county; Reusz believes it may be worth millions.

Approaching a small valley from an almost inaccessible quarter, Reusz stumbled upon a barrier across the mouth of a cave. Laboriously he toiled at the task of removing this obstruction and finally found himself in a glittering hillside cavern.

Heavy Labor.

Colored walls of this dazzling grotto were set with sparkling mica. Close examination showed that the work of excavation had been carried on with a tiny pick, not more than six inches long, so that the labors of creating this chamber must have been almost interminable.

As he continued his exploration of the hill, Reusz found jade in all shades of rich green, some as rich and translucent as the finest from China. There was also bloodstone, California moonstone and gabro diorite, a soft granite.

Reusz now is attempting to organize an expedition to make extensive explorations and excavations in this vicinity, in the hope that the discovery of the jade deposits and the prehistoric cavern may lead to other important finds. He suggests that whole buried cities may be found, and has already interested science faculty members at the University of Oregon.

Had Large Cities.

One of the Mayan cities in Yucatan, Chichen-Itza, had a population of nearly one million. Several others of astonishing size and grandeur have been unearthed. If Reusz' theory should prove correct, a prehistoric civilization even antedating that of the Yucatan Mayas by several generations would be shown to have flourished in the northwest, a discovery of immense interest and importance.

The jade discovery was made at a point about nine miles southwest of Durkee. Shirttail creek got its name from the fact that an early settler, chased by hostile Indians, had his belt buckle shot off by the pursuing Redskins and had to complete his flight with his shirt flapping in the breeze.

If the Mayas indeed migrated thousands of years ago from this rugged valley then their Oregon cities, if any existed, must be buried even deeper than those found by excavators in Yucatan. Here and there as in the case of the hillside cavern evidences of this ancient civilization may crop above the surface.

A Skilful People.

The Mayas had a written language. They made paper from leaves, and created books, some of them beautifully decorated.

Although they had no tools of iron, they reared stone structures of marvelous beauty, decorated with skilful carvings.

They built wide roads of stone, along which their couriers ran. They even had apartments houses with beautiful colored stucco walls, and perhaps they even had their jokes about apartment house janitors.

Although monarchially inclined, the Mayas reposed the main functions of their government in a popular council.

To End Severe Cough Quickly, Try This

For real results, this old home-made remedy beats them all. Easily prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous home-made remedy. The immediate relief given is almost like magic. It is easily prepared, and there is nothing better for coughs.

Into a pint bottle, put 2½ ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified honey, instead of sugar syrup. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and disappear. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract and palatable guaiacol, the most reliable remedy for throat and chest ailments.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Students Teach In High Schools

Westminster College Seniors Are Doing Practice Teaching—Majority In New Castle

(Special To The News)

NEW WILMINGTON, Pa., Dec. 2.—Ranks of the senior class at Westminster College are sadly depleted at the present time. This condition is brought about by the fact that many of the fourth year students who expect to enter the teaching field on graduation are now doing their practice teaching in various high schools. It is a state requirement that a senior must have completed two weeks of practice teaching before being eligible to apply for a regular high school teaching position.

A majority of the students are doing their work in their home high schools, but many are practicing in the schools at New Castle. Those now away are: Miss Della Sherman of New Castle, Miss Mae Richards of New Castle, Miss Louise Smith of Sharpsville, Miss Evelyn Styche of Parnassus, Miss Margaret Tucker of New Castle, Miss Mae Sands of New Castle, Miss Elizabeth McKnight of Volant and Miss Louise Gough of Sharon, all at New Castle; Miss Helen Davidson of Crafton, at home; Miss Ruth McCormick of New Wilmington and Miss Mary Smith of New Wilmington, at Parnassus; Joseph Dickson of Pittsburgh, at Schenley High; Miss Mary Braham and Miss Willa Boyd of New Wilmington, at Braddock High school; Brown Bricker of Braddock, at home, and James McKelvey of Ligonier, at home.

Miss Helene Stewart of Sharon recently completed her practice teaching at the new East High at Youngstown, O.

Thieves Steal Much Jewelry In Pittsburgh

(International News Service)

PITTSBURGH, Dec. 2.——Police today guarded Pittsburgh pawnshops and loan offices in the hope that thieves who entered the home of Dr. I. A. Murphy, prominent local physician, and escaped with jewelry valued at more than $10,000 would make efforts to dispose of their loot before leaving the city.

The jewelry, including two platinum bracelets, one set with 32 diamonds, a number of saphires and other precious stones, was left in a dresser drawer, Mrs. Murphy reported to police.

No locks were broken by the thieves in their raid, police said. They refused to divulge the nature of clues upon which they were working.

Woman Is Killed; Run Down By Auto

(International News Service)

JOHNSTOWN, Pa., Dec. 2.—Police today held two men for questioning in connection with the death of Mrs. Mary Langham of Johnstown, who was instantly killed here when struck by an unidentified motorist, who fled after the accident.

Lloyd B. Stone and Helen Blair Slick, both of Johnstown, denied any connection with the tragedy when questioned by police, but were held for further investigation.

Mrs. Langham suffered a broken neck when she was dragged 20 feet after being struck by a speeding automobile.

MAKES SEVENTEENTH TRIP ACROSS OCEAN

GETTYSBURG, Pa., Dec. 2.—William Grecht, a Gettysburg resident, is making his 17th trip across the Atlantic Ocean to his home in Schlitz, Oberhessen, Germany. He will spend Christmas at his old home and then visit Berlin and other German cities before returning to Gettysburg.

One helpful rule for mothers who plan for *growth* according to the new ideas

The most important thing to think about in planning children's meals is whether they contain the right elements for growth.

It is especially necessary, doctors say, to include plenty of tissue-building material. Then normal growth follows—and when children are growing as they should, they play better, sleep better and are free from many nervous troubles

One-fourth of a child's daily requirement for the tissue-forming substance called protein is provided by a cup of Quick Mother's Oats with a cup of milk.

For in milling Quick Mother's Oats, none of the valuable elements are removed. It comes to you unspoiled and wholesome—with all the nourishment and natural flavor of the rich whole grain.
